Our Town

Last week a golf enthusiast of Cameron received an invitation to the big golf tournament at Mineral Wells October 15 to 17. The inviation was addressed to the Cameron Golf Club but wise postal clerks diverted the letter and saved it from the morgue. Now it seems that rather than have Mineral Wells find that we have no golf club we should go ahead with our country club proposition and establish the links. Cameron now has a large enough number of retiring capitalists to afford such an organization. Let's save ourselves from lumbago as well as our reputation for progressiveness.

Just as "Our Town" editor anticipated the good people of the road district went to the polls Tuesday and voted for the bonds, the result being 6 to 1 in favor of this issue. No more important improvement project has been before the district in recent years than the matter of rebuilding this highway. Especially is this true in view of the fact that the highway department of the state is to take over the highways on the first of January 1924 and will maintain them thereafter. It was necessary to place this highway in good condition before being handed over to the highway department for maintenance. The fact that the highway department will maintain this road will relieve the county from further expenditures on ten miles or more of the most consistently traveled highway in the county. No tax levies are to be made for three years.

Friday night the Commercial Club will hold its semi-annual meeting at which time the officers and directors for the coming term will be elected. It is the duty of every business man who values the work of the club and reputation of the town to go out and take a part in the election of these men. It is more important that business men here take a greater interest in the affairs of the club as regular attendants at its meeting. The club has many things to do in its civic realm and without the active aid of the business men very little can be accomplished.

About all there is to any town is local industry. Had you ever thought about it that way? Merchants who are exacting as to the policy of patronizing home industry should be as dilligent as they have a right to expect of the citizens. Let's all get together and make things hum but confining our purchases to home town merchants and business firms.

Street paving on the voluntary plan is a failure. Cameron will have no paving as long as the council or the people hesitate to proceed either to adopt the general paving law or levy assessments by ordinance. In every town there are a number of non residents who own business porperty. They get their rents and will not of their own volition pay for paving, having little or no interest in the progress of the town. What "Our Town" editor wants to see is a little arbitrary legislation to enfore a policy of public improvements that will measure up to the needs of the city It is just as necessary to build streets as to issues securities for any other public improvements. It is impossible to maintain gravel streets with the increased traffic. Get your petition ready and lets adopt the general paving law and at the same time vote $200,000 for street building.

We notice in the daily press where a deep test oil well in the Rockdale field located in Bell county is sure to be a producer. Also a number of tests are being put down in Rockdale field in Lee, Burleson and Robertson counties. Over at Taylor and Georgetown in the Rockdale field considerable progress is shown. Drilling reports from the Rockdale field at Thrall show increased activity. In fact everything looks better for the Rockdale field in all sections of the country.

The foot ball war between Rockdale and Cameron seems to be getting worse as fast as possible. Regardless of the contending claims of the coache as to the basis on which the games were to be played, it is now a matter of impossibility for Cameron to escape the challenges that have been hurled at her. Let's play the armistice day game regardless of what it may cost and beat the socks off Rockdale and thereby end what threatens to become another "Little River" division of the county. "Our Town" editor knowing nothing about foot ball but a great deal about beliegerant tatics is about ready to go in for keeps if the agitation doesn't stop.

HIGHWAY REPORT.

Thursday, Sept. 27, 11:00 a. m.

All highways are passable and are fair to good.

You will have 32 miles of rough road from Cameron to Houston, this is along the Kings trail.

Waco via Rosebud is in fair to good shape. Contract was let yesterday for the construction of the Sap highway from Chilton through Lott and along the track out of Lott meeting the old road within a mile of the Cemetery between Lott and Travis. The other end of this highway was completed into Waco sometime ago.

Thorndale and Taylor can be reached without any trouble through Tracy.

All other routes out of Cameron are open and are in fair to good shape.

ROAD BONDS CARRY 6 TO 1

COURT IS TOLD WHY OLIPHANT KILLED SEGREST

MOTHER OF GIRL GIVES VERSION OF THE KILLING

SEVENTH MURDER CASE IN COUNTY SINCE FIRST OF JANUARY THIS YEAR.

Because there had been born to their afflicted daughter on Sept, 12, 1923, a baby, A. Oliphant, farmer, shot and killed O. S. Segrest, farmer, in the Briary neighborhood, Monday morning about ten o'clock Sept 24.

This was the testimony of Mrs. A. Oliphant, wife of the defendant and mother of the girl. The cause of the shooting was developed through the testimony of the mother after Mr. Oliphant had declined to make a statement concerning the shooting.

Examining trial was held in the court of Justice J. M. Ralston Wednesday and at the conclusion of the hearing late in the afternoon the defendant was released on bond of $3000 to await action of the grand jury which has been called to meet on October 4.

The defendant about 45 years old sat in tears almost the entire time that his good wife was giving the court her testimony in detail of the case. Three times during her testimony she broke down and wept bitterly and always with sympathetic glances at her husband who sat along side his attorneys.

The hearing opened at 10:30 o'clock Wednesday morning with Justice J. M. Ralston presiding. Roy Baskin representing the district attorney's office and Henderson, Kid & Henderson representing the defendant.

Drue S. Rogers, sheriff, was the first witness called by the state. He testified that he went to the scene of the shooting on Monday afternoon after the defendant had come to the city and surrendered to him, giving the first news of the killing. Rogers went to the Segrest place where he found the body of O. S. Segrest lying in the cotton field where it had fallen, about 300 yards from the house. This was about 4 p. m. Witness said that the sons of Segrest and others were there when he arrived.

Rogers testified that he examined the body and that in company with

(continued on page eight.)

LYCEUM COURSE COMING HERE BEGINNING THE 11

OCTOBER TO MARCH DATES MADE FOR COMPANY TO PLAY IN CAMERON.

Beginning on October 11 the Ladies Missionary Society of the Methodist church will stage the first number of the Affiliated Lyceum and Chautauqua Bureau program for the benefit of the society.

The first number of the program is Annie Therse Davault an Artist of the first class.

Paradoxical as it may seem, the Art of Annie Therese Davault is Art which conceals Art.

She has realized the ideal of every platform reader and entertainer—the entire submerging and foregtfulness of self. Her hearers always say her interpretations are perfectly natural —which is, in the last analysis, the finest tribute which could be paid to her abilities.

A few years ago, when Miss Davault was just becoming known as a platform artist of promise, the dramatic critic of the Houston Post said of her:

"She has a fine appreciation of emotional value. She is young, attractive, and has the adaptable, mobile temperament essential to the correct interpretation of many roles. She has a voice of rare persuasion and warmth."

This splendid criticism was made several years ago. It was an inspiration to the Art of Miss Davault. Since then she has worked unceasingly in the perfection of her work, and has succeeded admirably. It can be conservatively stated that probably no reader of today has aroused more genuine enthusiasm and sincere commendation.

MISSIONARY SOCIETY OF METHODIST CHURCH HERE ANNOUNCE LYCEUM DATES

Mrs. H. L. Green for the Methodist Missionary Society has announced the following dates for the Lyceum being brought to Cameron under the auspicies of the society.

October 11—Annie Therese Davault reader and great artist.

November 13—Thomas Skeyhill, Australian Soldier, Poet and Lecturer

December 10—Six Cylinder Love "Vivian Players."

February 7—El Day Quartette.

March 3—Hewling Orchestra.

BUILDING PROGRAM FOR PRESBYTERIAN CHURCH

CONGREGATION WILL MEET SUNDAY MORNING TO MAP OUT PROGRAM.

Sunday morning after the regular church services the members of the Presbyterian church will meet in conference to discuss their building program for the church.

This announcement is made by Rev. H. R. McFadyen of the church. The regular church services will be shortened to make time for the conference.

The meeting will determine what course the church will persue in its general program and especial attention is to be given to consider the building of a new church in the near future.

Members of the church are said to be ready to undertake the building program at this time.

All members of the church are urged to be present for the meeting.

KNIGHTS OF PYTHIAS TO HOLD DISTRICT MEETING

BIG BANQUET FOR KNIGHTS WILL BE SPREAD IN METHODIST CHURCH.

On October 8 the Knights of Pythias in Cameron will entertain the Knights of the district of which W. O. Triggs is Deputy Grand Chancellor.

It has been decided to spread a banquet in the basement of the Methodist church for the visiting Knights and preparations are now under way for this great meeting.

The meeting will include lodges from many of the surrounding towns and counties composing the district. A number of distinguished Knights are expected to be present for the meeting.

Price Cross, who has been in California for several weeks on a business trip, came in Sunday morning and will spend a few days here with his parents Mr. and Mrs. S. P. Cross, before returning to Greenville, where be holds a position with the Harry V. Cross Motor Company. While in California, Price was the guest of his uncle, Dr. Charles Cross and wife.

Monsoon and Roly Poly red pitted cherries for pies.

Giles L. Avriett.

Miss Olive Henderson, daughter of Mr. and Mrs. William Henderson, left Tuesday for Baylor College to continue her study of violin.

THE VOTE

Results of road bond election September 25th, 1923.

	For	Against
Cameron	436	16
Rice	9	3
Minerva	9	16
Ad Hall	4	7
Elm Ridge	10	18
Curry	1	9
Salem	10	22

Total vote cast 560.

Nearly six to one

FORMER FIRE CHIEF OF CAMERON DIES IN GOREE

FRANK PORTER, WELL KNOWN HERE, DEAD AT HIS HOME IN GOREE, TEXAS.

Frank Porter, former Fire Chief for the city of Cameron, is dead at his home in Goree, Texas.

He was well known in Cameron being at one time associated with his father in business here. The funeral was held in Goree Sunday afternoon. Press dispatches conveyed the news of his edath to Cameron friends.

He was the son of R. S. Rorter who at one time owned the block of buildings now owned by S. W. Cheeves store.

The many friends of the deceased will be grieved to learn of his death. He was popular in Cameron and served the city in the responsible position of fire chief faithfully and efficient.

ATTENTION.

The Milam County Baptist Association will meet in its Fifth Annual session at Ben Arnold Wednesday night October 3rd, 1923.

Dr. F. S. Grover of Dallas, Corresponding Secretary of our State Board has agreed to preach the introductory sermon at the evening hour. Come without fail and let us make this the best session yet.

E. L. SPRINGER, Missionary.

Log Cabin syrup in all sizes
Giles L. Avriett.

Emil Klatt, son of Mrs. J. F. Goggolz, left Monday for Galveston to begin his Sophomore year in the Medical school, University of Texas.

Eugene Green and Bassett Watson came in from Austin Saturday afternoon to spend Sunday with their parents and friends, returning to school Monday morning.

J. W. CLINTON, PIONEER TEXAS CITIZEN IS DEAD

FATHER OF J. L. CLINTON OF CAMERON DIES AT HIS HOME HERE SUNDAY.

J. W. Clinton, 74 years old, pioneer Texas citizen and for the past several years a resident of Cameron, died at his home in this city on Sunday night September 23, at 7:45 o'clock.

Mr. Clinton has been in declining health for several months and his death was hastened by an accident three months ago when he fell from his wheel chair at his home.

His death came as a shock to the entire citizenship of the city as he was universally loved and respected by all, having made many friends during his residence in Cameron.

Mr. Clinton was born in Pickens county Alabama, November 25, 1849, and came to Texas in 1865 and settled at Columbus in Colorado county. From there he went to Louisina where he lived for a short time, returning to Texas and settling at Chriesman in Burleson county.

On December 19, 1875, he married Miss Susan Elizabeth Storm and to them four children were born, two of them dieing in infancy and two now servive. The surviving children are J. L. and W. T. Clinton.

From his home in Chriesman in 1914 where he had been active in farming he came with his aged wife to Cameron who now survives him, to make their home. While deceased was not born in this state he was a Texan in every way, having come to the state when 16 years old.

Deceased was a member of the Masonic fraternity, having been made a Mason at old Frameville in an early date. At the time of his death his membership was in the Caldwell Masonic lodge and the members of the lodge there had charge of the funeral services.

The funeral was held in Chriesman with a short service at the home in Cameron conducted by Rev. Ira F. Key of the First Methodist church.

Many floral tributes were sent to the home here, expressions of love and esteem in which he was held by everyone.

MOTHER OF MRS. R. P. JETER DIES IN ST. LOUIS; WORD RECEIVED WEDNESDAY.

Word of the death of the mother of Mrs. Royal P. Jeter in St. Louis, was received in Cameron Wednesday. Mrs. Jeter left immediately for St. Louis to be at the funeral which will be held there some time Friday.

Friends of Mrs. Jeter in Cameron will be grieved to learn of her great misfortune.

VOTING IS LIGHT BUT NO OPPOSITION FELT

CAMERON BOX SAVES DAY FOR BONDS—COUNTRY DISTRICTS AGAINST.

By a vote of 474 for the bonds and 86 against the proposed issue of $100,000 in road bonds to resurface the road from Ad Hall to McCown Bridge carried in the district Tuesday by a majority of nearly six to one.

Up to noon the voting was light in the city and the returns show that the voting was light in the rural districts where the only opposition of determined nature developed.

In Cameron 436 voted for the bonds and only 16 voted against the issue.

Minerva, Elm Ridge, Salem, Curry and Ad Hall all voted against the bonds while Rice School House voted for the bonds 9 to 3.

Afternoon Tuesday a committee in charge of the election began working urging the people to go to the polls. This committee was in charge of Giles L. Avriett and assisting him were J. L. Barmore, J. B. White, S. A. Cottle, John E. Mangum, Dr. James Watson, and A. F. Mitchell. A committee checked the names of the voters and those serving were Ray Robinson, Jack Hearrell and S. E. Brogden. Also a number of committees worked among the women voters Monday and Monday night but we did not learn the personnel of these committees.

Cars were donated for the committee's use in getting voters to the polls.

Mr. Avriett, commenting on the results of the election declared Wednesday his unqualified gratification at the showing made by the women voters who came to the polls in large numbers and voted for the bonds. It was largely by their aid that the bonds were overwhelmingly voted.

The issue is looked upon as one of the most important in recent years in the Cameron district. The state and federal governments will match the appropriation with $125,000 and it is believed that $20,000 additional will be granted for the road from Little River to Minerva.

The work to be done includes the resurfacing of the road from Ad Hall to McCown bridge and the building of a new two way bridge with concrete floor over Little River. In the bottom concrete viaducts will be erected along the way where low places are found in the road so that in normal overflow condition of the river the traffic can cross.

On the first of January the highway department will take over the road and will maintain it permanently thus relieving the commissioners court of the burden of supplying funds.

FREE PIGEONS ARE GIFT OF W. T. HEFLEY.

Here is an unusual gift for folks who like pigeons.

W. T. Hefley has offered to give away these pigeons to all who will call at his home in Cameron for them.

He told the Herald that he has 20 or 30 of these pigeons about his barn that will make fine pets and he is anxious to give them away.

METHODIST CHURCH.

Rev. Dennis Macune who has been engaged in Missionary work in Mexico for the past 15 years, will preach at the Methodist church Sunday. Rev. Macune is the son of Dr. C. W. Macune who lived in Cameron a number of years ago. He was also a college mate of Rev. I. F. Key at Southwestern University.

Fresh shipment Crisco and Snowdrift.

Giles L. Avriett.

SAFE BLOWERS WRECK CAMERON VAULT

CLUBS AND ATHLETICS OPEN TO ALL STUDENTS

MANY ORGANIZATIONS FORMED BY THE FACULTY THIS YEAR.

Various clubs of a literary and scientific nature have been organized for the students of the Yoe High school. For the girls, a literary club, which is open to all girls of the High school is under the direction of Misses Vest, Pitts and Henderson; a Domestic Science club, open to girls studying general science, is sponsored by Miss Hightower; a Spanish club, whose membership is composed of both girls and boys and is based on scholarship, is directed by Miss Moore.

For the boys, Mr. Perkins has organized a Science club known as "The Lion Tamers," while Messrs. Keeling and Preston have charge of the "Cameronians," an oratorical and debating society.

Physical training is now open, not only to the foot ball players and other athletes, but to all members of the High school. Thirty minutes each day is given to this form of training. The girls work, under the supervision of Misses Dickard and Hightower, consists of calesthenic exercises and group games. The boys have been formed into two companies, one in charge of Mr. Keeling, the other under Mr. Preston. Both companies are given military drills, but most of the work consists of "setting up" exercises.

EARLY MORNING JOB NET YEGGMEN A BIG HAUL

SAFE AT ACME STEAM LAUNDRY WRECKED BY NITROGLYCERINE CHARGE.

Up to noon Thursday no trace had been found of yeggmen who blew open the money safe of the Acme Steam Laundry and took a large amount of cash money and valuable papers.

The safe was blown about 2:45 a. m. Thursday according to people living in that section who say they heard two explosions about that time.

Evidence about the safe show the yeggs wrapped the safe in quilts and by the use of nitroglycerin blew it open. The safe door was blown about six feet and the bottom torn from the safe.

The robbers after taking the cash money, a sum not definitely known but believed to be several hundred ollars, tore up a number of checks and made away with other valuable papers.

The robbery was not discovered until this morning when R. E. Sharpe, proprietor went to the laundry.

The sheriff's department was called into the case and investigation has been made but no arrests made. No clue has been found. Opinion is that professional yeggmen blew the safe.

At the same time or thereabout two other burglaries were committeed. Thieves broke into the office of the Green Produce House Wednesday night and also broke into the Mohler Bros. market and grocery near the San Antonio & Aransas Pass Depot.

No clues have been found to any of the burglaries. These are the first burglaries here in several months.

COMMERCIAL CLUB WILL ELECT OFFICERS FRIDAY

SEMI-ANNUAL MEETING TO NAME THOSE WHO WILL GUIDE THE CLUB.

Friday night the Commercial Club will name its officers and directors for the coming term.

It has been planned to have refreshments for this occasion as is customary but it is not known if the committee has made preparation for this.

C. W. Lawrence has been president of the club for the past two terms and during that time the club has made great progress.

Preconvention politics have lined up a number of favorite sons for the Presidency but nothing definite. A number of men are favored for the place and it is likely that if Mr. Lawrence declines to accept the nomination, that a number of names will be suggested for the presidency.

The semi-annual meeting is the largest meeting of the year and brings out members as no other meeting will do. It is especially urged that the membership attend the meeting on Friday night and hear the annual reports of the officers and to help in the election of officers and directors for the coming term.

Distress of Japanese Is Not Yet Ended, Despite Generous Aid from America, Red Cross Executives Inform Nation

Left to right: James L. Fieser, Vice-Chairman, American Red Cross; M. Hanihara, Japanese Ambassador; John Barton Payne, Chairman, American Red Cross; Secretary of Commerce Herbert Hoover, and Eliot Wadsworth.

Designated by President Coolidge as an efficient channel through which sympathetic Americans might contribute funds for the relief of Japan's sufferers from earthquake and tidal wave, the American Red Cross wasted no time in its organization of an efficient machine to carry on the great humanitarian work.

Judge John Barton Payne, chairman of the Red Cross, has been conferring daily with two of his associates on the executive committee, Secretary of Commerce Herbert Hoover and Eliot Wadsworth, assistant secretary of the Treasury, on the problems incident to providing relief with as little delay as possible.

The prompt response of the American people to the appeal for funds has expedited greatly the efforts of the central organization of the Red Cross. Within four days of the beginning of the drive $3,500,000 had been subscribed and supplies and financial assistance to the amount of $2,657,500 had been committed by the purchasing officer. Eight cargoes had been arranged for and one steamship already had cleared from San Francisco and one from Seattle. Five days after the campaign was begun another ship, the Kongo San Maru, cleared from Seattle and five others were loading with varied commodities.

When it became apparent on Sunday, September 9, that the great problem for the Red Cross was that of caring for homeless adults and orphans, the executive committee issued the joint appeal from Chairman Payne and Secretary Hoover which urged America to continue without stint the giving of the preceding five days. This action was concurred in by President Coolidge who had been advised in cable dispatches of the broad extent of the suffering in Japan.

The broad experience in relief work gained by the American Red Cross during the war in its efforts for the countries of continental Europe has been combined with that of the American Relief Administration during the great Russian famine. It already is proving its value in the matter of prompt buying of relief commodities and the important work of speeding shipments.

The need is by no means covered, despite the large contributions to date. All the executives of the Red Cross agree that every dollar over and above the minimum of $5,000,000 that was asked will have a direct quotient of human suffering mitigated and human life saved.

CAMERON YOUNG MAN STARS AS A WRITER OF WESTERN VERSE.

R. L. Batte, Jr., ex-cowboy and Texas Ranger, has been induced to publish some of h's selected poems of western life and below "The Silent Trails" is given to the public for the first time:

THE SILENT TRAILS.

The trails are silent since you went away,
It's lonely here, and everything looks strange;
The once-blue skies have turned to ashen-gray,
And seem to blot the sunshine from the range.
I miss the silvery jingle of your spur
I heard when you was ridin' at my side;
And when I think of you, a sudden blur
Gits in my eyes and blinds me as I ride.
The manzanita berries ain't more red
Than was the roses bloomin' in your cheek;
And when I'd watch you lopin' off ahead,
The thoughts I'd think—but didn't dare to speak;
And when I stop to cinch my saddle tight,
I listen for your voice to call to me;
And when I'm joggin' round the herd at night,
Your sweet face in the jeweled skies I see.
It wasn't like this before you crossed my trail—
I rode the lonely range, and didn't mind
The solitude of canyon, knoll or swale,
Or deep arroyo that I left behind.
I didn't see the glory of the hills
You pointed out to me when first you came;
But now my lonely heart pulsates and thrills
When mountain breezes whisper low your name.
The naggin' of the boys is harsh; it jars
And grates upon me when I'm in their sight;
I look to see you at the corral bars,
But no one's there when I ride up at night.
I cross the mesa, where the sweet perfume
Of wild flowers that you loved so, fills the air
But all their rightness can't drive off the gloom—
And it is just because you are not there.
The night-bird's call comes to me through the dark;
The flickerin' camp fire throws a fitful glare;
And off across the range the coyote's bark
Goes echoin' on the silent midnight air.
I hear the bedded cattle by the stream
Stir, when the grim night riders pass their view,
And then I drowse, and doze away, and dream,
And dreamin, ride the trails again —with you.

—R. L. BATTE, JR.

NOTICE IN PROBATE.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Milam County:—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION TO PROBATE WILL:

THE STATE OF TEXAS.

Cameron, Texas.

"ROBIN HOOD" IS COTTON PALACE FREE ATTRACTION

Douglas Fairbanks' Masterpiece To Be Shown Three Saturdays and Sundays

Waco, Texas.—The directors of the 1923 Cotton Palace have been unusually fortunate in securing as one of the many free attractions at this year's exposition, "Robin Hood," Douglas Fairbank's masterpiece, known throughout the motion picture world as the greatest photoplay yet produced.

"Robin Hood" is to be shown in the coliseum on the three Saturdays and three Sundays of the exhibition free of charge to all who have paid the entrance fee to the grounds.

In the production of this most magnificent work of all cinemadom, more than 10,000 people were employed. Corps of research experts were employed five months in a search of the world's most famous libraries to obtain authentic data for this stupendous production. A special illuminating plant for "Douglas Fairbanks in Robin Hood" was employed, the lighting for one "set", that of the banquet hall in King Richard's castle, being sufficient to light the entire city of Los Angeles for seven hours any night. This particular banquet hall covers more ground space than the very spacious concourse in the Pennsylvania railway terminal station of New York City, the largest passenger station in the world.

A total of 50,000 feet of heavy copper wire was used and as many as 350 lamps were required in lighting a single scene, not including forty huge sunarcs.

Facts and Figures About New Film

Every weapon carried in the production was made entirely by hand. There are 2,000 spears, 1,500 swords, 2,000 shields, and 500 daggers.

Saddles and trappings were made for hundreds of horses, all hand-made and hand-sewed.

In making an exact duplicate of the standard used by King Richard I in his crusade to the Holy Lands, 300 pounds of iron were necessary.

An army of 10,000 extra people is being employed in different scenes at different times.

The prodigal use of handwork on all effects in "Douglas Fairbanks in Robin Hood," is not a careless extravagance, but serves to illustrate the absolute authenticity of the production, for in the period depicted machinery was little used, metals and almost all materials being worked by hand.

"In starting this production," said Allan Dwan, who directed Mr. Fairbanks in this picture, "we felt much as we did when we went to the Grand Canyon several years ago to make scenes for "The Modern Musketeer." We didn't undertake to photograph the canyon at once—its magnitude appalled us. It was so vast, so big. That's the way it was in starting on this new spectacle. At first we thought we would crash right into one of the big scenes showing a thousand knights in armor lined up for a tournament. But this undertaking was so big that it staggered us. So instead we decided to photograph the scene in Richard's tent, which we figured would give us courage enough to try one of the big outdoor shots showing the resplendent knights with their plumed helmets and flashing spears."

The magnitude of this feature is such that several months were required in which to "shoot" it.

"Robin Hood," is an example of one of the many free attractions scheduled on the program of the 1923 Cotton Palace, all of which have been chosen with but a single thought,—to get the best in what the people wanted for their entertainment at their exposition.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 26 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates.

THE PERIL OF EDISON-FORD'S MONEY SCHEME

Would Create More Paper Money Than Russia's Trillions But Add No Real Wealth.

SOME DANGEROUS FALLACIES

Would Remove Safe Restraint of Gold Basis and Open Way to Endless Issues of Paper Money.

How the United States would be swamped, under a greater volume of worthless paper money than has ruined Germany and Russia, by the Edison-Ford commodity currency plan is pointed out in the present article, concluding the reviews, prepared by the American Bankers Association, of the recent exposure of the folly of the whole scheme by William T. Foster, Director of the Pollack Foundation for Economic Research. Mr. Foster says:

"'The supply of money,' says Mr. Ford, 'is inadequate. There is more wealth than there is money to move it.' He draws a vivid picture of 'the golden dam to the stream of prosperity.' From a hundred quarters comes the demand for the government to speed up the printing presses, in order to crush 'the money monopoly,' reduce interest rates, and make it easier for everybody to get money.

"Inflating the currency, however, though it enables people to get more units of currency, does not enable them to obtain more purchasing power, and it does not reduce interest rates. In all her history Germany never had so much money or as high interest rates as in 1922. Money, unlike other forms of wealth, is not easier to obtain simply because the total supply is increased. On the contrary, increasing the supply of money ordinarily increases the demand for money, and interest rates depend not on supply but on the relation between supply and demand.

A Dangerous Fallacy

"We are assured, however, that the Ford-Edison plan provides money for the farmer at virtually no expense to the government or to anyone else. All the government has to do is to print the money. What could be simpler? Here we come to the most dangerous fallacy in the whole project. It is dangerous because of the universal desire to get something for nothing.

"Here is the gist of the matter: Money will buy whatever is produced, not a particle more by any trick of alchemy, or legislation, or finance. The Russians, having multiplied their money 257,000 times, cannot buy as much with it as before. When we print more money there are no more goods for money to buy; not a single additional plow, or hat, or potato.

"Some of those who get the newly printed money can buy more goods than before: all other people can buy fewer goods than before, because their money has fallen off in purchasing power. Since there are no more plows, and hats, and potatoes, and so on, to distribute, if some people get more, others must get less.

"Inflation under the Edison plan is limited mainly because, on account of its indefensible discrimination, most groups of producers of goods and services are not allowed to participate. If all groups were included, as in fairness and in politics they would have to be eventually, the posibilities of inflation would be vast.

The Deadly Spiral

"The total income of the United States is now in excess of fifty billions of dollars. The total money in circulation, including bank deposits subject to check, is not far from twenty-five billions. It follows that the annual production, if used as a basis for new issues on the Edison plan, could at once greatly increase the volume of money in circulation. Every addition to the monetary supply would tend to raise prices. The higher prices became, the higher would be the loan value of a given volume of goods since the size of the loans is based on values and not volume. The greater, therefore, would be the volume of new money that could be issued on the basis of a given annual production. Prices would become still higher; and so on up an endless spiral.

"Even in Russia, where financial printing presses hold the world's record for volume, where new issues of two hundred trillions of rubles per month stagger the imagination, the people complain that 'there is not enough money to do business with.' Without the arbitrary restraint of the gold basis, and with Muscle Shoals projectionists, and sundry other kinds of inflationists constantly pressing their claims upon Congress, it is not at all certain that the United States, once well on the road to financial chaos, would in the end be outrun by Russia."

BANKS HELP CLUB WORK

Yakima County Banks in the State of Washington have loaned $8,670 to boy and girl club members. Yakima County has twenty-nine pig club members, twenty-four poultry club members and forty-three dairy club members. Dairy club members are all using pure-bred stock, local breeders and bankers co-operating with them to the fullest extent.

UNJUST RESULTS OF MONEY PLANS

Unsound Currency Gives Sellers Unfair Advantage Over the Producers.

EXPERT EXPLAINS MONEY

Points Out Dangers in So-Called Energy Dollars—Other Plans Exposed.

How demagogues are using false doctrines of so-called "sound money" to give themselves or the class they represent unfair advantages at the expense of real producers is exposed in the Journal of the American Bankers Association by H. Parker Willis, expert on the money question.

"There is no subject in whose name more crimes against truth have been committed than that of 'sound currency,'" Mr Willis says. "The term is always resorted to by demagogues. At the present moment there seems to be a danger that it will be used by a potential presidential candidate as representing the 'platform' upon which he expects to run. There is no question that more nearly and directly touches the immediate welfare of every class in the community."

Purpose of Money

Primary functions of money and currency, it is explained, are to serve as a means of exchanging goods and as a means of measuring the value of goods. Mr. Willis continues:

"Demagogues and those who are disposed to mislead the public for various ulterior reasons have succeeded in disseminating an entirely different view of the purpose of money. Some of them contend that the soundest or best currency is that which is so arranged as to bring about a 'fair' redistribution of wealth. They want a constantly depreciating currency—one which keeps playing into the hands of the seller of goods, by enabling him to count confidently upon higher prices in terms of money so that he pays the producer from whom he has obtained them less and less. IT IS A STRANGE THING THAT THIS KIND OF CURRENCY IS OFTEN HIGHLY PRAISED OR FAVORED BY THE PRODUCER HIMSELF, NOTWITHSTANDING THAT HE IS THE GREATEST SUFFERER FROM IT."

Energy Currency

There is another popular view of sound currency which aims to base it upon "natural products" or "natural forces"—usually it is true, specifying products or forces which have been monopolized or can be controlled by the advocate of such currency. Thus from time to time there have been schemes to issue a currency based upon or protected by farm products stored in warehouses or occasionally representing "units of energy" or horse power.

The rulers of Soviet Russia at one time attempted to introduce a currency representing "labor time," each man receiving a check representing the number of hours of time he had put in at work, while goods themselves were to be valued in terms of hours of production time. Thus one man who put in an hour's time in street cleaning received the same control over goods as he who put in an hour's time at surgery. The theory was that this kind of "sound" currency enabled the "poor man" to get a larger supply of goods.

"The trouble was that when those who could perform a certain kind of labor were not paid in proportion to their effort they stopped making goods. So it was not very long in Russia before the sound currency which was issued in favor of the poor man had brought it about that the poor man could not buy anything with the currency. This was an unfortunate kind of 'soundness.' We do not want something like it in the United States today, yet very similar proposals are now being made in a good many quarters that ought to know better," says Mr. Willis.

FACTS ABOUT CHECKS

A bank check is a written order on a bank by one of its depositors to pay a specified sum to another party. This instrument must be dated, the amount written in full in the body, and signed the same as the depositor's signature card and ledger sheet.

A check is payable on demand, provided it is not dated ahead. If dated ahead it becomes a promise to pay, the same as a note or acceptance, payable on some future date. United States revenue stamps are required on a check dated ahead, at the rate of 2 cents per hundred dollars, or fraction thereof.

In case a check carries two different figures, that is $2.00 in the figures and "Two Hundred Dollars" in the written part of the body of the check, the latter, or part in writing, always controls.

A check made out to a person "or order," requires identification, and the party presenting the same must assure the bank that he is the payee. A check to a person "or bearer" is payable to the one presenting it at the bank, but a certain amount of identification is necessary, for the bank reserves the right to know that he is entitled to receive the funds.

CLASSIFIED ADVERTISEMENTS

WANTED TO TRADE—A second hand organ for a dresser. See W. M. Brown, Milano, Rt. 1. 21 2tp

For information write or see me at Cameron Machine Shop, on Saturdays.
August Michalka,
Box 54. Cameron, Texas.

FOR SALE—Late model Ford Coupe, good condition. See H. H. Stedman.

Nervous Break-Down

MRS. ANNIE LANGE, of R.F.D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. . . I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years.

Ask for, and insist on, Cardui.

MOTHER OF GIRL GIVES VERSION OF THE KILLING

(continued from page 1.)

him were Justice J. M. Ralston and Criminal District Attorney Jack Lewis. The body was lying face up and parallel with the cotton rows. The right arm was across the breat. Two charges of shot from a shotgun had entered and shattered the left arm below the elbow. About eight of the shot said to have been about No. 2 or 4, entered the left breast in the region of the heart. There were two pistol bullet wounds in the head, witness said, and one in the body. The body pistol wound was in the left back, the ball emerging from the right breast. One shot entered the back of the neck and came out of the right cheek and the other entered the head on the left side and came out of the head at the right side near the ear.

Rogers said that he found tracks leading to a clump of bushes a short distance from where the body was found. The Oliphant home is about one and a half miles from the Segrest home. Witness said that Oliphant turned over to him a 45 callibre colt pistol at his office in town and that he got a 12 gague shot gun from the Oliphant home. Both guns were loaded but had been fired.

Luther Segrest, son of O. S. Segrest, deceased, was the next witness called by the state. He is 18 years old and testified that his brother R. D. Segrest married a daughter of Oliphant. Witness said that he and brother Jesse Segrest were in the cotton field with their father when the shooting occured, and were about 70 yards from him. He did not see Oliphant and the first indication of trouble of which he knew was the shot. It was about ten or ten thirty o'clock. Witnesses looked up from his picking as the gun boomed and he saw Oliphant lower the shot gun from his shoulder and begin shooting with a pistol. Witness said he then saw the body of his father falling and Oliphant walking toward the body still firing. The body then dropped beneath the cotton stalks. He said Oliphant approached from the side. Witness then testified that he ran to where the shooting occured and called to Oliphant. Witness said that Oliphant replied: "I did it. Old Man Oliphant, and if any of you want any of it, come on." Witness then asked some Mexican pickers to spread the alarm and the officers were called. Witness testified that at the first shot his father called: "Oh, Luther." His father was dead when he arrived.

Here the state rested and the court adjourned until 1:15 p. m.

Mrs. O. Oliphant, wife of defendant and mother of the girl, was called as witness for the defense, she and her small daughter, eleven, being the only witnesses called.

The testimony of Mrs. Oliphant furnished the only evidence to show what caused the killing, as Mr. Oliphant declined to make a statement.

Mrs. Oliphant testified that she is the mother of ten children, six girls and four boys. Her voice was quiet, yet distinct and she spoke instantly answering every question. The eyes of all in the crowded court room were fixed upon the mother as she told the story.

On January 4 of this year she said her second daughter Edna, married the oldest son of Segrest. The afflicted daughter is the oldest daughter, witness said. The mother said that her daughter was afflicted with a weak mind due to an infection of the ear when eighteen months old. Witness said that her daughter was at the Segrest home last December and had been going there often. She first noticed the condition of her daughter in May but said nothing to her husband. The baby was born on September 12.

Witness testified that her daughter who is unmarried and who is afflicted, told her on Sunday September 9 that Segrest was the father of the child. Three days later the baby was born. The mother told the father after the baby was born what the daughter had said concerning Segrest. The husband was greatly affected and witness said that for several months had shown signs of excessive worry.

Mrs. Oliphant said her husband on Monday came to the house after he had been away for a short time. All the family except the small children were in the cotton field. Oliphant went away and Mrs. Oliphant said she thought he carried a gun. She sent her daughter to the house to see if her husband had taken his guns.

She later sent her son-in-law to see about her husband. They had been gone only a few minutes until she heard shooting.

Witness said that her husband and son-in-law returned shortly and that her husband went to the house turned the shot gun over to one of the elder children and gathered the little ones into his arms and hugged and kissed them. He told the children what he had done but did not tell his wife.

Witness said that defendant got on his horse and rode away. That he went to Rosebud and later came to Cameron to surrender to the sheriff.

The next witness called was the 11 year old daughter of the home. She said that her father came in the room where the afflicted daughter and her baby were on Monday for the first time, looked at the child and turned and went away.

At the conclusion of the hearing Justice Ralston fixed the bond at $3000.

Heinz sweet and sour pickles in bulk.

FAMED STATE ATHLETE LEAVES FOR COURSE AT BIG TEXAS COLLEGE.

Jack Taylor, son of Dr. and Mrs. G. B. Taylor of Cameron, has left the city for Waco to become a student in the Baylor University for the coming term.

Jack is a graduate of the Yoe High school and has become famous over the state and the nation as a discus thrower. He has successively broken all local, district and state records in the discus throw.

Recently in company with Alton Baggett crack 100 yard dash man be developed under the tutelege of Coach Perkins at the Yoe High School, went to Chicago as among the few Texas athletes to participate in that meet. The meet found Taylor qualified for the final tests from which Olympic contenders are selected. Jack abandoned his plans for going abroad on account of his schooling.

Cameron is proud of this athlete and feels that Baylor University will make good use of him as among her stars in the hall of fame.

Dozen cans Cremo corn for $2.00. Dozen cans No. 1. Hawaiian sliced pineapple for $2.50.

Spur Farm Lands

(Northwest Texas.)

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drouth, or other enemies to successful farming. The end of each year finds time and energy practically wasted—no progress made. Spur Farm Lands offer relief from these conditions. Any good farmer can pay for these lands from the products thereof. Of the nearly one-quarter of a million acres of this large Ranch, which have been sold, 81.61 per cent has been paid in full. The balance of these Spur Farm Lands, some of which have never been placed on the market before, offer productive, easily cultivated land, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2,000 to 2,600 feet.

Considering the reliable production of these lands—prices are as low as anywhere in Texas. According to the 1920 census, Dickens county made the largest gain in increse in number of farms for the previous decade of any county in the State of Texas below the Cap Rock. Splendid climate; no malaria, chills, or fever; good churches; excellent schools. Dickens county has the best gravel roads of any county in Northwest Texas; some of them built under State and Federal superivision. We offer the homeseeker a wide range for selection, and are selling direct—no commission to anyone; the purchaser receives full value in dealing direct with the owner as opposed to paying a middle man several dollars per acre.

We also offer STOCK FARMS AND SMALL TRACTS, perfectly adapted to this purpose at reasonable prices and terms.

Free illustrated booklet, giving all particulars, on application to

CLIFFORD B. JONES

Manager for S. M. Swenson & Sons.
Spur, Dickens County, Texas.

RARE ADVANTAGES

For Home and Family Shopping

Who ever is responsible for the profitable investment of the home finances, for seeing that every dollar brings its full one hundred cents worth of value, will find THIS STORE an incalculable aid. All manner of merchandise for the house and all varieties of wearing apparel for all membest of the family, are featured at the most advantageous prices.

Dazzling Array of Frocks

There is a Dazzling Array of frocks, wraps and suits, each strikingly individual, yet adhering to the new styles. The slender silhouette, semi-circular and other clever adaptions—All of beautiful materials and the best workmanship, and priced extremely low.

Not Only Fall Style, But Comfort and Wear

A wide variety of styles, colors and sizes make it possible to fit your foot, whether large or small (the price will fit your pocket book too.)

A shoe here for every member of the family—Come in and see the new fall shoes.

Graceful Furs of High Quality

Nothing so gracefully finishes the costume as one of these beautiful furs, in scarf, throw or choker model. Peltrels of flawless quality and wonderful markings have been most skillfully converted into these modish small furs in an exclusive variety of the smart styles of the season.

The Small Girls Coat

Quite as smart as her elders is the small girl in her new winter coat. These chic little models are the ultra mode in clever miniature, fashioned from many of the favorite soft pelt fabrics, artistic embroidery and a variety of furs add to their decoration. And the new low range of prices give one a thrill.

The Season's Best

Large Hats and small ones, red ones or any other color you may want, for children and grown-ups. Priced very low.

Something For Men, Too

Men or Boys who want suits, over coats, shoes, gloves, underwear, hats, caps, shirts, belts, etc., of the best make can find them here. Look 'em over you don't have to buy. We can save you some money on what you need—our goods are as good as the best and cost less.

Items of Interest From Over the County

FOOTBALL WAR RAGING OVER ARMISTICE GAME

ROCKDALE CHARGES CAMERON AFRAID TO PLAY REGAL SQUAD.

Cameron, Texas, Sept. 17, 1923.
Mr. J. E. Cooke,
Rockdale, Texas.

Dear Mr. Cooke:—First of all may I thank you for the copy of your paper and the much valuable information that it brought to me.

I was very sorry indeed to hear that there would be no foot ball game in Cameron between the "rarin TIGERS" and Yoe High School. Now may I say that our terms are just as I stated them to Mr. Hughes last summer, altho he did not give all the terms in your paper. Furthermore I am not worrying about what the foot ball fans of Milam County are thinking, while I am on the job over here I am going to run the thing as I think it should be run and I never cater to public opinion.

Last year was the end of a two year agreement between Rockdale and Cameron High Schools as to their annual foot ball game and how they should divide the money taken in at these games. I never play games on a percentage basis, because I do not think that it is the proper method to handle high school athletic contests. So this summer I made my proposition to Mr. Hughes, that is, Yoe High would give Rockdale $40.00 to come here this year and we would pay all the other expenses, including the officials which were to be agreed upon one week before the game. Then in 1924 we would play in Rockdale for the same considerations. Now Mr. Hughes boasted to me that he drew a better crowd than Cameron did, to which I agreed, so it seems that the proposition that I made him is the better of the two for Rockdale. But, I know that Mr. Hughes does not expect to be in Rockdale another year and is consequently looking to his affairs for today and is not concerned from the schools side.

Now as to being afraid of the Tigers I will leave that to you it does not concern me in the least, but may I tell you that the people of Cameron had just as soon see us play Taylor as to see us play Rockdale, and by the way I get Taylor over here for less than $40.00.

At the same time I hope that Mr. Hughes or the school authorities can see my offer and we will get to have the game, or as I told Mr. Hughes I will be glad to bring my team to Rockdale for the $150 after my regular season is over with.

Thanking you again for the copy of the Reporter, I am,

Yours very truly,
L. VAN PERKINS.

The above letter from Coach Perkins of the Cameron High School, is a very frank statement to the effect that he is going to run things to suit himself, and "the public be damned." Every sentence of the above letter breathes the animus behind his refusal to play the Tigers. Coach Perkins has decided that he will dictate the terms this year, regardless—which is right in line with the word he sent Coach Hughes early in the season to the effect that he (Perkins) was dictating this year, and the game would be played on his terms or not at all.

Still, even with this frank admission of Mr. Perkins before their eyes, the foot ball fans of the county will draw the conclusion that Coach Perkins and his foot ball boys are afraid of the Rockdale High Tigers and are using this mehod of sidestepping the 1923 Armistic Day game.

Coach Perkins states above that "he never plays games on a per centage basis," yet he so played them last year, and actually refused to play on any other basis. Coach Hughes is not averse to a two-year contract on a flat rate basis as Mr. Perkins seems to want, provided the flat guarantee is made high enough to cover all expenses. Mr. Hughes' stand on that point is this: That he is only under contract with the Board for one year, and he does not wish to tie up next year's coach, whether it be himself or someone else, in a contract that may cause financial loss. If Coach Perkins will raise his $40 guarantee up to some reasonable figure—say $100 or better—the two teams might yet come to terms.

Again, it is a little strange that Coach Perkins should get so brave all at once as to public opinion. It has only been a few days since he turned down Coach Hughes' proposition to bring the game to Rockdale on a guarantee of $150 for the reason that "Cameron people would not stand for it."

Coach Hughes positively denies that there was a "two-year agreement, ending last year," so foot ball fans of Milam county may accept this phase of the controversy as they may individually please. Mr. Hughes ought to know; he was on the job two years ago, while Mr. Perkins had not then come to Cameron.

As for Coach Hughes not being in Rockdale next year, the statement might be made with equal truthfulness that neither will Mr. Perkins be in Cameron next year. Those who have observed Mr. Hughes' interest in Rockdale school affairs will greet with a smile Mr. Perkins' intimation that Hughes is not "concerned from the school's side." The statement that Cameron fans had just as soon see the Cameron-Taylor game as the Cameron-Rockdale game will draw another smile, amounting to a loud guffaw. The Cameron-Rockdale game is the only High School athletic event that ever draws a decent patronage in Cameron. Possibly that fact accounts in a measure for Coach Perkins insisting on keeping ALL the gate receipts.

The Reporter feels that Coach Perkins is so afraid of public opinion in Cameron that he is afraid to play Rockdale, feeling that the Tigers will win by a one-sided score, and fearing that Cameron fans would thereafter withdraw their support from High School athletics altogether.

As for Rockdale fans, we support our team, win or lose. Rockdale wants to see the two teams tie up on Armistice Day. The Tigers may lose the game, but Rockhale fans can stand defeat, and will continue to support their team. We want the game, win or lose, and the stronger team Yoehi can get together the better it will please Rockdale.

Buck up, Mr. Perkins, be a sport; it's no disgrace to lose a game to Rockdale.

CHRISTIAN CHURCH WILL HOLD THORNDALE MEET

PROGRAM 5TH SUNDAY MEETING THORNDALE CHURCH SEPT. 30 1923.

Saturday night 7:30—Music, led by Thorndale Choir.

Address—F. L. Davis.

Sunday morning 9:30—Sunday School, J. V. Echols Superintendent.

Song Service led by Thorndale Choir.

10:30—Address "Our Greatest Need in Sunday School Work"—J. H. Guyot

10:45—Special Music by Taylor Orchestra.

Address—"Is the Sunday School accoplishing what it should?"—H. H. Camp.

3:15—Sermon, Dan Bounds.

3:45—Invitation for next 5th Sunday Meeting.

Sunday night 7:30—Song service led by Thorndale Choir.

Devotional led by Arthur Scruggs.

Sermon by John T. Bradbury.

ROCKDALE VALUATIONS SHOW SLIGHT INCREASE OVER PREVIOUS YEARS.

City Tax Assessor E. T. Kemp has compiled his tax rools, and as usual they are a model of neatness and accuracy, and completed in record breaking time following the recent adjournment of the Board of Equalization.

The rolls show some interesting figures. The total valuations are $1,424,145, as against $1,422,849 last year, being an increase of $1,696.

The total tax rate including both city and school amounts to $1.75 on the $100. This, with the polls bring in a total annual revenue amounting to $25,561.61, divided as follows:

General Fund	$3,847.29
Street and Alley	2,135.82
Polls	631.00
Old C. H. & S. H. Bonds	143.46
Refunding Bonds	854.99
Waterworks Bonds	1,709.48
Fire Department	713.28
New School Bonds	5,269.75
School Maintenance	9,258.23
Negro School Warrants	998.31
Total	$25,561.61

—Rockdale Reporter.

THORNDALE BREEDER OF FINE CHICKENS SCORES ANOTHER SUCCESS.

Mr. Robert Poe is in receipt of a letter containing a check and a request to ship twenty of his fine Barred Rock cockerels to Dr. B. Youngblood, at College Station, Texas. Dr. Youngblood, director of the Agricultural and Mechanical College of Texas, will use the birds purchased from Mr. Poe for breeding purposes. Our readers will reacall a mention of a visit of Mr. Sherwood to the farm of Mr. Poe some weeks ago with a view of locating the strain of chickens Dr. Youngblood wanted and the fact that Mr. Poe's flock stand the acid test of the A. & M. Scout, speaks volumes for the quality of chickens Mr. Poe is raising. Mr. Poe is justly proud of his success along this line he having had many compliments from his show coops at various county fairs and poultry shows heretofore.—Thorndale Champion

J. W. Coleman is over from Cameron this week looking after the affairs of the Rockdale Furniture Co. while his son, the manager James L. Coleman, is off to South Texas to claim his bride. Mr. Coleman expresses himself as being well pleased with the firm's business in Rockdale, and says they are here to stay and to grow with and boost for the town. The Reporter is of the opinion that if the Colemans, senior and junior, like Rockdale as well as Rockdale gives evidence of liking Mr. Coleman Junior then there is no question of the firm's remaining a fixture in Regal Rockdale —Rockdale Reporter.

Ah! Backache Gone Rub Lumbago Away

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica remedy which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

EVANS' Corner

This corner is devoted to business, politics and general news.

If you have any discomfort in reading or doing your clerical work, you might have some little trouble with your eyes that properly fitted glasses will give you relief.

Cheap glasses, improperly fitted, will likely do your eyes more harm than good.

We have prepared ourselves, stood the State Board examination, and have permanent certificate to test your eyes and fit glasses the lenses we have are as good as can be had.

If you need a double vision lens, we can fit you in the one piece, invisible lense—such as Kryptoks, Ultex, or the "45." all of these are good.

Have your eyes tested now and enjoy your reading.

GRAND OPERA AT COTTON PALACE AGAIN THIS YEAR

Famous San Carlo Grand Opera Company Will Appear During Entire First Week

Waco, Texas.—In securing the San Carlo Grand Opera Company for the first week of the coming exposition, the dates of which are October 20 to November 4, the Cotton Palace officials bring to Waco for the second time Fortune Gallo and his famed company of operatic stars which have made grand opera popular instead of exclusive, the same company having entertained record breaking audiences at the Cotton Palace grounds three years ago during the exposition. Mr. Gallo announces by letter that he and his company are very anxious to return to the city where they received such unstinted praise and such warm hospitality three years ago.

Fortune Gallo started in the opera business with the same company he now manages, having assumed the reins of authority over its business matters at a time when the company was in financial distress, and building it up, until today the San Carlo Grand Opera Company is the only grand opera company in America which, on the basis of popular prices, boasts annually of a profit instead of a deficit. Moreover, the San Carlo company holds its own in competition with the big companies that rely upon fabulous subsidies and guarantee funds.

Playing a two weeks' engagement at the Boston Opera House the company recently attracted the enthusiastic patronage of the leaders in Back Bay's exclusive circles. In Philadelphia, during a three weeks' season at the Metropolitan Opera House, the "best people" of the Quaker City placed their stamp of approval upon the particular brand of opera dispensed by Mr. Gallo. In America, when one thinks of success in Grand Opera he must think of Fortune Gallo.

Mr. Gallo's success is remarkable because of the fact that for years grand opera has been recognized as a money-losing undertaking. The annual deficit of the Chicago Opera Company runs up close to the million dollar mark, as does the Metropolitan Opera Company. Grand opera in this country has also been considered for a long time as a special form of entertainment for special classes of people, but Gallo has succeeded in bringing it to the people.

The government at Rome knows of the work this young Italian has done in America, and has awarded him the decoration of the Legion of Honor of the Crown of Italy, which entitles him to be known as Chevalier Fortune Gallo. But he is much more interested in the fact that the people of his adopted country have responded to his dream of giving them good opera at popular prices.

On the program at this year's Cotton Palace is the famous Anna Fitziu, guest artist for the season 1923-24, who was received unprecedented praise as an opera star in all the larger cities of America, as well as in Cuba, where she is a favorite of the opera fans.

Her most noted successes of the season have been as "Mimi" in "La Boheme," and "Cio-Cio-San," in "Madame Butterfly," having been acclaimed by critics everywhere in these two roles. For "La Boheme" new scenery and new costumes have been imported from France.

Grand opera prices at the Cotton Palace are to be extremely low, ranging from $1.00 to $2.50. The immense seating capacity of the big coliseum make these low prices possible. In New York and other large cities the price range has been from $3.50 to $15.00.

Seats can be reserved by mail by letter application to the secretary.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 20 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates.

Heinz, Sunbeam and Ferndell pure tomato catsup.

HORSE RACES TO BE BIG COTTON PALACE FEATURE

Some of Finest and Speediest Horse Flesh in Country to Compete For Big Prizes

Waco, Texas.—The announcement by Chairman Ralph McLendon of the racing committee of the 1923 Cotton Palace that horse racing will again be featured at the exposition this year for the first time since 1917, is good news to the many horse racing fans of the Southwest, as well as others who have never experienced the thrill of "seeing the ponies go," but who will be enabled to view this exciting sport for the first time.

Horse racing is still the king of all dirt track speed events, as is proven by the great interest taken in this diversion in Kentucky and England where this is the chief of all forms of sport.

Six years ago the last horse race on the Cotton Palace oval was held at the exposition in the fall of 1917, and attracted greater crowds than had ever before witnessed a race in Texas. This year, 1923, will be even greater in horse racing than 1917, or any previous year in which the animals have been brought to Waco, because the finest of all horse flesh will be brought to the great exposition from October 20 to November 4, and attending crowds will have the privilege of witnessing races equal to the great derbies which have made the English sport world noted.

The handsome purses offered this year at the greatest Cotton Palace which has ever yet been staged, have already attracted many of the fastest steeds of the southwest, and notices that others will be entered are coming in daily to the racing headquarters.

The horse races will be but another thrill of the many features which, combined will make up the greatest exposition this part of the country has yet witnessed.

LIVESTOCK SHOW GREATLY ENLARGED

This Department of Cotton Palace Offering Handsome Premiums; Dates Oct. 20 to No. 4

Waco, Texas.—Again the Cotton Palace scores favor with the farmers and livestock men. The announcement now comes from Chairman F. E. Goodman of the livestock show for the 1923 exposition, that all premiums for prize winning stock at the Cotton Palace will be one-third larger this year than they have ever been at any time in the previous history of the exposition.

Mr. Goodman has already received information from many of the largest stock breeders in the United States to the effect that they will be well represented at the livestock show this year. Texas is the center of the greatest livestock raising country of the world, and Waco is the center of Texas; and the assurance is given that in the Cotton Palace exposition grounds, more particularly the livestock buildings, will be centered the choice of the premium blooded animals of the southwest.

The most noted hogs, cattle, sheep, goats, and other livestock, of all the famous lines in the world, will be on exhibition from October 20 to November 4 at the Cotton Palace grounds. The large amounts which are given to the prize winners should interest all livestock breeders and farmers if they have blooded animals for show purposes, and the distinction going with the winner of a prize at this, one of the greatest livestock shows of the southwest, is an added feature for advertising and selling purposes, invaluable to the breeder of fancy stock.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 20 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates.

THE STATE OF TEXAS.

To the Sheriff of any Constable of Milam County:—GREETING:

You are hereby commanded to summon A. B. Davis, and if the said A. B. Davis be dead, then the unknown heirs of A. B. Davis and the heirs and legal representatives of such unknown heirs, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Milam county, Texas, to be holden at the court house thereof in Cameron, Texas, on the second Monday in November, A. D. 1923, the same being the 12th day of November A. D. 1923, then and there to answer a petition filed in said court on the 10 day of September, A. D. 1923, in a suit numbered on the docket of said court No 8959, wherein J. L. Powell is plaintiff and A. B. Davis and the unknown heirs, are defendants, said petition alleging:

That the plaintiff resides in Williamson county, Texas, and that the residence of A. B. Davis is unknown, and that if the defendant, A. B. Davis, be dead, then that the names and residences of the heirs of A. B. Davis are unknown. And that the plaintiff is the owner by fee simple title of the following described tract of land situated in Milam county, Texas, to-wit:

Being a part of the David Mumford league survey of land and beginning at the southwest corner of a tract of 460 acres out of said survey which was conveyed by T. W. Robinson and Samuel Carter, administrators of the estate of Sarah Mumford, deceased, to A. B. Davis by deed dated February 1st, 1872, and recorded in Vol. "B" 2, page 536 of the deed records of Milam county, Texas, such beginning point being in the center of Donahoe's Creek; thence North 19 E. 2038 varas to corner; thence South 71 East 353 varas to the N. W. cor. of the 104.8 acre tract conveyed by A. B. Davis to R. M. Wiley and R. S. Porter by deed which is recorded in Vol. "A" 1, page 63 of said deed records; thence S. 19 W. 1980 varas to the S. E. corner of this tarct in the center of Donahoe Creek, from which a Cottonwood brs. N. 43 W. 8 varas; thence up the center of said creek with its meanders to the place of begining, containing 123 acres of land.

That the plaintiff and those under whom he claims have had peaceable, actul, adverse possession of all of said land for more than ten years next preceeding the institution of this suit, and that any right of action which te defendants, or any of them may ever have had to recover said land, or any part thereof, accrued to them and each of them more than ten years prior to the instiution of this suit. And plaintiff pleads the Statute of Limitation of Ten Years in bar of any right in defendants, or any of them, as to any portion of or interest in said land.

Plaintiff further alleges that by deed dated May 23rd, 1876, and recorded in Vol. E 2, page 408 of the deed records of Milam county, Texas, A. B. Davis conveyed to D. C. Robinson 123 acres of land out of said David Mumford league survey, by which deed A. B. Davis intended to convey the land above described, but by mistake in drawing such deed the beginning point of said tract was named as "the southwest corner of a servey made for A. B. Davis by W. J. Covington," from such beginning point should have been named as the southwest corner of the 460 acre tract conveyed to A. B. Davis by the administrators of Sarah Mumford, deceased. And plaintiff shows that by a regular chain of conveyances from D. C. Robinson and his vendees plaintiff is the owner of and in possession of the land intended to be described in said deed from A. B. Davis to D. C. Robinson, and that the land which was actually delivered under said deed from A. B. Davis to D. C. Robinson and by the vendees of D. C. Robinson down to and including plaintiff was and is the land hereinabove first described.

Plaintiff alleges that it appears from the deed records of Milam county, Texas, that at one time the defendant, A. B. Davis, had or claimed some interest in or title to the land above described, which does not appear to have ever been properly divested out of him, and that if the said A. B. Davis be dead, then it would appear from the face of said records that the unknown heirs of A. B. Davis have some interest in or title to said land, as his heirs, and that such facts constitute a cloud upon plaintiff's title to said land.

Plaintiff prays that defendants be cited by publication to answer his petition, and for judgment against all the defendants correcting said mistake in said deed from A. B. Davis to D. C. Robinson and removing said cloud from plaintiff's title to said land, and for all such other relief, both in law and in equity, to which he may be entitled.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in the City of Cameron, Texas, this the 10 day of September A. D. 123.

JAMES L. COLEMAN IS MARRIED TO MISS PRIDAY

WEDDING AT TAFT OF INTEREST TO FRIENDS OVER THE STATE.

At ten o'clock Wednesday morning Sept. 19th, in the First Presbyterian church at Taft accurred the the wedding of Inez Betsy Priday of Gregory to James L. Coleman of Cameron

The church followed the old English trend in decoration, lattaced gateways and background with a Plumosa fern forming the central theme. Tall art baskets filled with yellow Chrysanthemums stood on pedestals just in front of the chancel rail, which bore gleaming white tapers. On the Altar, which was covered with long fronds of fern, stood a beautiful brass candelbra also filled with tapers. Pew markers were a fluffy blous of white tulle centered with yellow Chrysanthemums.

Beginning the ceremony Mrs. W. A. Albin accompanied by Miss Sudie Hamilton of Sinton, very sweetly sang "O Promise Me." At the first strain of Lohengrin's wedding march the two ushers Messrs. Maurice and Cedric Priday entered. These were followed by Master Junior Ben Ivey who carried the ring in the heart of a lilly. The bride entered on the arm of her maid of honor, Miss Miriam Coleman of Paris, a former school mate, and was met at the altar by the groom accompanied by his best man, Mr. Irvin N. Clary of Cameron The solemn beautiful ceremony which united these two lives was read by Rev. C. S. Long. At the conclusion the bridal party departed while Miss Hamilton played Mendelshonn's wedding march.

The bride was lovely in a handsome and becoming day gown of brown cut velvet chiffon with hat and shoes to harmonize. She wore a silver fox fur and carried a small white Bible. Her flowers were a shower boquet of bride's roses and fern, and was wearing as her only ornament a dimond bar pin, the gift of the groom. A bit of sentiment was added by the bride's carrying an exquisite rose point lace handkershief which her mother carried at her own wedding.

Later she donned her traveling attire which was a beautiful one piece frock of navy blue poiret twill with hat and shoes of gray.

The maid of honor wore a charming black satin crepe model with purple hat and carried an arm boquet of purple asters. Miss Hamilton was attired ina frock of brown caston and lace with accessories to harmonize and her flower formed a corsage of sweetheart buds. Mrs. Albin wore a similar corsage and her costume similar was of bracaded silk with picture hat of black.

Mrs. Coleman is the daughter of Mr. and Mrs. Le Roy Wills of Gregory and a niece of Judge and Mrs. R. H. Hamilton of Austin. She is a beautiful cultured girl, a graduate of San Marcos Academy and Vard Belmont. The groom is the son of Mr. and Mrs. James W. Coleman of Cameron, is a former student of Baylor University and is engaged in the furniture business in **Rockdale, Texas.** He is an enterprising and substantial citizen.

Out of town guests for the wedding in addition to those metioned above were Mrs. J. W. Coleman and daughter Miss Sallie Caleman of Cameron; Mrs. Earl V. Evers of Cuero; Mr. and Mrs. J. L. Hamilton of Sinton; Miss Bell Bonham of Oklahoma; Mr. and Mrs. E. B. Crockett of Robstown; Miss Lolo Druery; Dr. and Mrs B. H. Passmore and Dr. and Mrs. C. C. Chandler of Corpus Christi.

On Wednesdty morning immediately after the Coleman-Priday wedding Mr. and Mrs. Preston Mullen received the wedding party and a number of relatives and friends in their home.

Just as the bride and groom reached the step the bride turned and threw her boquet into the crowd. It was caught by Miss Lolo Drewery of Corpus Christi.

Later on entering the house the guests were invited into the dining room where a delicious ice course carrying out the chosen colors, gold and white, was served. These colors were also noticed in the beautiful baskets of yellow chrysanthemeums, olamanders and roses of the same hue placed througout the reception rooms.

The bride then changed her wedding costume for a very becoming traveling dress.

The happy young couple departed in their car, amid showers of rice and kind wishes for San Antonio and various points in Texas before arriving at the home of the groom's parents in Cameron, where they will be entertained a few weeks, later going to their future home in Rockdale.

On Tuesday evening Mr. and Mrs. L. R. Willis entertained the Coleman-Priday wedding party, relatives, and friends with a lovely two course buffet luncheon.

A green and gold color scheme was cleverly carried out in the menus and by the use of yellow roses. Olamanders, and ferns througout the reception and dinning rooms.

The wedding cake beautifully decorated in yellow and green was then cut, which afforded much merriment as each guest received the dainty appropriate emblems of the occasion

Those present at this delightful affair were the house guests. Mrs. J. W. Coleman and daughter Sallie of Cameron, and Miss Miriam Coleman of Paris; Mrs. E. V. Evers of Cuero; Mr. Irvin Clary of Cameron Mr. and Mrs. E. B. Crockett of Robstown, Miss Bell Bonhoma, Mr. and Mrs. A. H. Barnett, Mrs. A. M. Brooks and Mrs. S. R. McKamey of Gregory; Mr. and Mrs. W. P. Mullen; Mr. and Mrs. B. E. Ivey and son Ben; Mr. and Mrs. C. S. Long of Taft.—Taft Tribune.

AN OMISSION.

Through an oversight last week an important part of the social activities leading up to the Coleman-Priday wedding was omitted from the Tribune report, which appears below:

Among the most charming of the week's hospitalities to honor Miss Priday who is to be married to Jas. L. Coleman of Rockdale, on September 19th, was the kitchen shower on last Friday afternoon. Mrs. A. H. Barnett, Mrs. W. P. Mullen and Mrs. B. E. Ivey were hostesses at the home of Mrs. Barnett in Gregory.

The guests were welcomed by Mrs. Barnett, who presented them Miss Priday, Mrs. L. R. Willis, Mrs. James W. Coleman, Miss Miriam Coleman Mrs. W. A. Albin, Miss Sallie Coleman, Mrs. Earl V. Evers and Mrs. Preston Mullen, who assisted in receiving.

Each guest was then invited by Mrs. Mullen to write her favorite receipe in a beautiful loose leaf cook book. This book was later presented to the honoree.

A unique contest, which when completed formed a clever love story, afforded much amusement and Mrs. L. R. Willis was awarded a pan-greaser for having most completely developed the narative.

Just at this time Howard Barnett impersonating a grocery boy arrived with a great basket of packages which he said he was told to deliver to Miss Priday. This proved to contain many attractive and useful kitchen articles; also a beautiful cut glass punch bowl and cups which was the gift of several Gregory ladies.

After the honoree had graciously thanked the guests they were invited into the dining room. The table bore as a center piece a minature bride and groom surrounded with four pink cadles in profusion here and in candles in silver holders. Queen's wreath and Plumosa fern used in profusion here and in the reception rooms added beauty to the scene. Delectable refreshments consisting of creamed chicken, olive, potato chips, tea biscuits and coffee were served. Plate favors were tiny bags of rice. The hostesses were assisted in serving by Misses Lucile Barnett and Martha Chamness.

The guests list included those receiving with Mrs. Barnett and a large number of ladies from Taft and Gregory.

Honoring her house guests Mrs. Earle Evers of Cuero and Miss Betsy Priday, a bride of the month, Mrs. Preston Mullen entertained on Wednesday afternoon.

The rooms were beautiful with "Regina Carona" and pink rosebuds placed artistically in silver baskets. This color note of pink was further emphasized in tally cards and plate favors.

500 formed the diversion for the six tables of players and a number of spirited games were enjoyed. At the conclusion of these Mrs. J. B. Hayes was found to have won high score and Mrs. James Stone low. Attractive gifts were awarded to these as well as the honorees.

The hostess then served a delicious salad course using tiny silver baskets filled with "Regina Corona" as centerpieces.

Out of town guests for this delightful occasion were the honorees. Mrs. Earle V. Evers of Cuero and Miss Priday of Gregory, Miss Miram Coleman of Paris, Texas, Mrs. James W. Coleman and daughter Sallie of Cameron.

PRESBYTERIAN AUXILIARY.

The Presbyterian Auxiliary held a business meeting at the church Monday afternoon. The president, Mrs. W. G. Gillis, presided.

MARLOW CHURCH.

On Monday night before the Second Sunday in October, at the Presbyterian church, we will begin a meeting.

Preaching each night. Everyone is invited.

H. R. McFadyen, Pastor.

PRESBYTERIAN CHURCH.

In the Bible school Sunday morning we will open our "Mite Boxes," and count up what we have gothered for that new church. The following Sunday will be Rally Day. If you are not lined up with some school come and join us.

On Wednesday night before the First Sunday of October, we will begin a series of Evangelistic services leading up to the communion service on the First Sunday.

Preaching each evening at 7:30. Come.

H. R. McFadyen, Pastor.

METHODIST MISSIONARY.

Mrs. R. H. McIntosh led a Bible study for the Methodist Missionary Society Monday afternoon in the basement of the church. The attendance was good and a profitable hour was spent.

THE YOEMEN

By Witz McCown.

The Southwestern University Freshmen defeated Belton High 12 to 0 Friday and then defeated Temple High 6 to 0 Tuesday. Captain Forest and Wynn were the principal ground gainers for Temple, while Dyer was the principal ground gainer for Belton. The Southwestern Freshmen got revenge on Temple for the stinging defeat Temple put on the Freshmen last year. The Temple game this year would have been different if Jack Jones and Rollie Dangeleisen had been there, and the Wildcats would have probably repeated their success again this year.

A game for Friday has not been scheduled, and probably there will be none. But next week the Yoemen will swing into action with games against Caldwell and Bremond.

"Bull" Johnson, the Aggies left guard was recently elected to Captain of the Aggie eleven this year. "Silent" Miller was elected at first but due to an injury he will be unable to play in all the games and gave up his captaincy to "Bull" Johnson. Johnson was the principal actor in the defeat of the Longhorns on Clark Field last year. He broke up most every play the Longhorns tried to pull.

Arthur Van Rosenburg was elected Captain of the Rockdale Tigers. Arthur has quite a job when he undertakes to floor the Yoemen.

With Reichert and Baskin at tackles, Flinn and Graham at guards, Garner and Posey at ends and Boykin and Cheeves at center, the Yoemen present a strong defensive and offensive line.

"Gappy" Taylor, last year letter man will probably go to Baylor this year and is coming out for Cut Foot ball. "Cop" Weathers the Cub Coach will no doubt be glad to secure Taylor as he is a fine track and foot ball man. "Gappy" won the district and state in the discus and placed second in the National meet at Chicago.

The famous Rockdale Tigers will clash with the Rogers Razorbacks Friday in Rockdale. The state will get its first glimpse of Hughes' famous Tigers. The whole state will await with awe, the outcome of this famous conflict. Coach Hughes of Meridian College fame will lead his Tigers into the conflict with the greatest of confidence that the Tigers will win. Walter Camp, D. X. Bible, Tad Jones and Fielding Yost will probably witness this great tilt.

Editor Cooke of the Rockdale Reporter will no doubt be present with all his scribes to write the game up. The Yoemen would like to take up collection and buy Editor Cooke a rule book on foot ball.

The aggies defeated Sam Houston Normal last Friday 53 to 0. The principal ground gainers for the Aggies were Knickerboker and Pinson.

Southwest Texas Normal has three members of last year Yoemen on her foot ball squad: McCall, Baggett and Willis. Baggett is a 10 flat man and will prove a great help to Coach Strands eleven.

At Southwestern University the famous "Pat" Plaster is a second string back field man and under Coach Gardner "Pat" will become a good man.

Gardner is a former member of the Mythical All American team. He was on the same eleven as Jim Thorpe perhaps the greatest foot ball man of all times. They were both members of the famous Carlyle Indians.

Herman Willis, on the Yoemen end, recently suffered a broken arm in scrimmage. His injury will probably keep him out for quite awhile.

Arkansas University looms up as one of the strongest teams in the conference. Nearly every letter man will return.

The Aggies are out to seek revenge on S. M. U. for her defeat at the hands of the Mustangs last year. Probably she will secure her revenge, for Aggies loom up as the Conference champions this year. With such men as "Bull" Johnson, "Puny" Wilson, "Slim" Knickerbacke and Jack Evans the Aggies will be hard to stop. At center Eitt and DuBose are fighting it out with DuBose having the edge. At tackles are several of whom it will be hard to decide. R. O. Wilson will probably play one tackle, but who the other one is, is not known. At guards are Ferguson and Johnson. At ends is Evans and "Puny" Wilson. Knickervocker will probably play quarter, while F. Wilson and Pierson will play halves. King Gill will probably play full back.

"Doc" Stewart is strutting "his stuff" down at Texas. Stewart is a good coach and he will have a team in the running. With Gilstrap, Ward, Eckhardt and Robertson back, Stewart is sure to develop a strong team.

The Baylor Bears do not loom very strong this year. Although with Williamson, Nash, Fullegum, Pittman and Walker, Bridges will have a pretty strong team.

The Yoemen's Schedule includes games with Belton, Taylor, Bryan, Waco, Navasota and Caldwell.

ROCKDALE-CAMERON GAME.

The possibilities for a Rockdale-Cameron fool ball game Armistic Day is very slim. Coach Hughes is very unreasonable in the amount he wants us to pay him. He only wants $150. The main cause is that Rackdale is afraid to meet the Yoemen this year. They know the Yoemen are going to have a strong team and they are afraid to meet us. In order to get out of this game Hughes has asked an unreasonable amount to come over here, for he knows the Yoemen will take his rejunevated machine down in defeat. Our friend, Editor Cooke, has been writing a few articles, slamming the Yoemen, well this kind of slamming is really advertising the Yoemen. We appreciate your wonderful aid Mr. Cooke, and request that you keep it up. Coach L. V. Perkins of Yoe High, offered Hughes $40 to come over here, but he refused. I suppose he thinks we don't want to make anything while Rockdale makes it all. Well he is badly fooled. The Yoemen mentor is willing to do the right think, but Rockdale refuses.

SCHOOL OF MILLINERY AT MILANO OCT. 4 AND 5

PART OF WORK OF HOME DEMONSTRATION WORK IN MILAM COUNTY.

There is to be a millinery school held at Milano, in the W. O. W. Hall, October 4th and 5th, directed by the County Home Demonstration Agent, at which Mrs. Dora R. Barnes, the clothing specialist, and Miss Mary Jesse Stone, district agent, both of the Extension Service of A. & M., will give instruction in renovation of hats and trimmings and the making of new hats from old or new material.

Ladies are requested to bring tape lines, scissors, needles, thimbles, pins and thread for their own use, and hats that they wish to work on. They may bring entirely new material if they like. Materials as, wire, buckrum, frames, will be on hand.

The school is to be conducted two entire days in order that the hats may really be completed. The school is free of charge, except for materials used, to any lady of Milam county.

County Home Demonstration Agent Gladys Henry, will be glad to answer any questions regarding the school or give any further information which has not been given clearly here.

PARIS BUILDING PERMITS OVER HALF MILLION.

Paris, Texas Sept. 23.—More than 100 residences have been erected here since Jan. 1. Building permits for the year will be in the neighborhood of $500,000, which will exceed that of last year by $200,000. Buildings completed during the year include the Rodgers-Wade building cost $125,000; the Stephens building, cost 820,000; the Lee Apartments, costing $50,000; the Methodist church, cost $800,000.

Four ward school buildings cost $[illegible]000. Chief among the additions to the city was the completion of the $1,000,000 city reservoir.

PARODY ON THE 23RD PSALM.

By Robert Mayfield.

Trigonometry is my "jonah'
I shall not pass:
It maketh me to lie down on a bed of thorns,
It vexeth me in my sleep
It worrieth me in the law of sines and cosines for its angle's sake.
It leadeth me into befuddling cogitations and causes may sorrowful tears to trickle down my manly cheeks,
Cutting deep furrows in the flesh colored powder so artifully besmeared thereon
Yea though I burn much midnight oil and study with much wearniness in flesh,
Thy tangents and cotangents they torment me.
But I will take a refuge in a "campus course"
With a girl both stately and slender,
Whose face shineth as a full moon and eyes with a atarry splendor
That flash upon me the secrets of the beauty of her heart;
Whose hair is dusky brown perfumed by the apothecares art.
Surely Trigonometry with its D's and E's
Hath passed off and grown old as a moth eaten garment,
And its cares flee away as shadows and are cast off
But the joys and enchantments of that girl of mine
Shall lure me to Baylor's campus forever.
Even so—Ah. Sandwich.
Selah.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years.

Sold by all druggists.

CROCKETT BUILDS RESIDENCES AND PAVES STREETS.

Corckett, Sept. 23.—Exclusive of a tremendous home building campaign, no less than $550,000 is being spent for public and civic improvements. The paving program will amount to $200,000 with a greater portion of the paving of the main streets of the city completed.

The Murray farm levee, which is being built along the banks of the Trinity River, in Houston county, will cost $200,000. The Old San Antonio Trail is being graded and surfaced at a cost of $125,000, not including the bridge which is practically completed across the Trinity River at Hurricane Shoals, costing over $25,000

WHO INFLATED THE CURRENCY?

George E. Roberts Gives Common Sense Explanation for Currency Increase and Decrease.

GOVERNMENT TOOK NO PART

Due to Changes in Supply, Demand and Prices of Commodities Caused by War—Federal Reserve Not to Blame.

The mistaken notion that the currency is inflated and deflated by the government in the United States from motives beyond the understanding of the average people is effectually set at rest by George E. Roberts, noted banker and exponent of sound money in an article in the Journal of the American Bankers Association.

"There has been inflation by the governments of Germany and other European countries, which have issued money for the purpose of paying their expenses," Mr. Roberts says. "The United States Government has done nothing of this kind since the Civil War.

"There is a genuine need for elasticity in the volume of currency, and for machinery to adjust it to the legitimate needs of the country. The means provided are the Federal Reserve Banks, authorized to issue currency to their member banks, either in payment of deposits or for loans.

Side-Tracked Like Freight Cars

"More currency is needed in September, October, November and December than in January and February. As business slackens, currency naturally retires from circulation. Money accumulates in the member banks and they send it in to the Reserve banks, which in effect retires it, as freight cars are retired when traffic falls off.

"What caused the great inflation of credit and currency? It was due primarily to the war, which made extraordinary demands upon the industries and caused a great rise of wages and prices. It was inevitable that more credit and money would be called for to carry on business.

"The boom year of business that followed the armistice was likewise abnormal. The end of the war released a great many demands that had been held in check. The foreign demands upon us at first increased. There was a temporary stimulus, but the volume of business was abnormal and could not be sustained. Agricultural production in Europe revived, the prices of agricultural products moved back toward normal, importations from the United States fell off, prices declined "deflation" began.

"Some say 'inflation should not be permitted,' but if war occurs inflation is unavoidable. Recruiting armies makes a labor scarcity. Contractors bid above going wages to attract men. The war industries did the same and the peace industries raised wages to hold their men. Governments of Europe sent representatives to this country to buy food and they bid up prices on the grain exchanges. Higher levels of wages and prices meant that more credit and money was required to handle business.

More Business, More Money

"The increased issues of currency was a result of allowing business to go ahead, upon the rising level of wages and prices. When a factory pay-roll doubled, twice as much currency had to be furnished for it. When cotton rose from 10 cents a pound to 30 and 40, more currency was required to handle the crop, and so all around the circle.

"Deflation did not come by an act of the government or the Federal Reserve authorities in suddenly withdrawing money from circulation. Deflation came naturally when business fell off and prices declined. Just as an increasing volume of business at higher prices called more currency into use, so a decreasing volume of business at lower prices released currency from use and caused it to return to the Reserve banks.

"There has been absolutely nothing new or strange in these price movements related to the war. Inflation and deflation have been just as always when wars have occurred. The only new factor has been the population. That is always being renewed, and most people do not learn by the experince of others. When hard times come it is always the thing to lay the blame on somebody, and this time the Federal Reserve System has taken most of it."

AMERICAN SAVINGS INCREASE

New York.—Continued increase in the savings of the American people is indicated by the latest national compilation just completed by the Savings Bank Division of the American Bankers Association. Savings deposits in banks and trust companies [illegible] were reported at $17,300,000,000, June 30, 1922, the last available nation-wide figures, as compared with $16,620,000,000, June 30, 1921. This is an increase of $680,000,000 or 4.1 per cent.

The number of savings depositors as indicated by the number of accounts, shows an increase of 4.9 per cent, with the states reporting for the first time in 1922 excluded. The third annual report of the Savings Bank Division on school savings banking also shows increased American thrift, 1,271,029 pupils having savings accounts during the school year of 1921-1922 as against 802,906.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

SPECIAL RATES OFFERED TO CAMERON PEOPLE TO THE STATE FAIR.

Residents of Cameron will be able to attend the Texas State Exposition at Austin on the last day of the fair there, October 6, for a special excursion rate of only $2.20 according to information given out by officials of the Santa Fe lines. This fare is only three-fourths of a one-way fare for the entire round trip to Austin and back ,and is the lowest granted in Texas since the days of special excursions.

This rate applies only to places within 150 miles of Austin and is restricted to trains arriving in the capital city between midnight Friday, and 5 p. m., Saturday, October 6. During the other days of the fair here people all over Texas will be able to attend the Exposition at the low rate already granted, which varies from a fare and one-third to a fare and one-fifth, according to the distance from Austin.

Some of the special attractions at the Texas State Exposition will be: Seven hundred head of fine blooded livestock, five hundred head of registered sheep and goats, five hundred head of pure bred hogs, six days of first class racing, with $6,500 offered in purses, all kinds of agricultural exhibits from all parts of Central Texas, and the West Texas exhibit, the huge Mexican national exhibit, the largest ever shown in this country, free entertainment every afternoon and evening of the fair, band music continuously by four bands, institutional exhibits from twenty-five state institutions, homelands exhibits showing articles brought from many foreign countries, and the usual high class merchants, wome's and other exhibits of a big state fair.

666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.

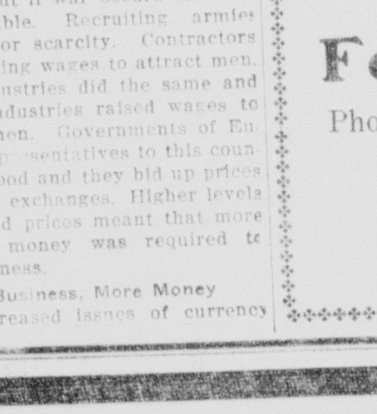
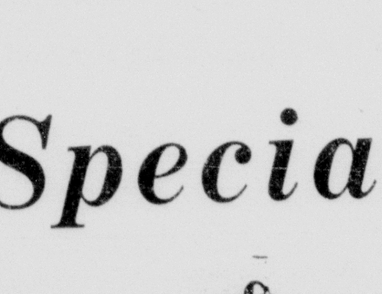
America Should Produce Its Own Rubber—Ask Firestone

Do You Know That

Special Prices Are Being Offered





At The Reliable Store

On Goods In Every Department?

The prices here look mighty good to the many customers who are buying large bills of Dry Goods at The Reliable Store every day.

That's the place to buy things to wear this fall. Our low expenses and the large volume of business we get make the lower prices.

We can and do give real values in selling dependable merchandise. Why not make some of your purchases here, where your money buys more?

Come and see our large stock and get the lower prices before you buy.

We want some of your trade this fall. We know that nowhere else can you buy a general bill of goods in our line at a lower price, and we go a little further, and plainly state the policy of THE RELIABLE STORE:—If we could not save you money on your average dry goods needs and please you, we would not ask you to trade here.

We do not mean that you cannot buy some articles cheaper elsewhere; but we do positively know we can make your money go further on your general buying.

J. P. WERNER & COMPANY

TWENTY-EIGHT YEARS AGO

(From the files of the Herald)

BRANCHVILLE CORRESPONDENT

On last Sunday morning a large crowd of young people gathered at the home of Mrs. Greer, and after partaking of those delicious refreshments, which she and her daughter had so nicely prepared, left for Hearne where Miss Joe Payne and Miss Jennie Lucas were to take the train for Huntsville, where they will attend the Sam Houston State Normal.

Mr. Malvin Thorberry's bright Kentucky bays furnished an important topic for conversation. The boys were envious of Mr. T. and the girls looked upon Ciss Cilla Payne as being most fortunate.

After two hours journey we reached Hearne.

May Miss Joe's and Miss Jennie's days in Huntsville be so spent that on their return to old Milam they will be proud of their year's work, and may they bring home with them first honors from their respective classes.

The water works main is being laid to the compress, the tap being inserted on Belton street at the first cross west of the Mission Route depot.

Ladies—Mrs. Roberts has the most stylish millinery in the city.

Last Sunday night a heavy rain fell and this week has been cool and pleasant. The 21st was reported to have been the hottest day of the season in New York and that is the way it stacked up here, but we can count summer gone now.

Wednesday as we were going to press, the sad news reached our city by telegram from Fort Worth of the death of Mrs. D. A. McLane at the sanitarium in that city, where she has been for some weeks under medical treatment. Mrs. McLane was a noble lady, a devoted wife, a kind and painstaking mother, a good neighbor and a true friend. What more could be said in praise of a mortal?

Miss Rhoda Dorrah returned Monday from Milano where she had visited Miss Claude Hudson.

Miss Ella Robinson was in Rockdale last Sunday on a visit to friends.

Dr. Tom Mowdy was in Branchville last week and while there had the misfortune to lose his buggy horse, Frank, by death from the colic. The horse was worth $125.

Messrs. John Watson and W. F. Paden visited in Rockdale Sunday.

Will Ford, son of our townsman, S. B. Ford, left last Tuesday for Austin where he will enter the State University for the ensuing year. Will is a graduate from our city school, receiving his diploma last June.

J. A. Peel of Port Sullivan was in Cameron last Tuesday and informed us that he has a splendid artesian well, 530 feet deep, and the water flows ten feet above the ground through a 5 and 1-2 inch pipe. This is the first artesian well for Milam county and we are glad Mr. Peel has met with success in his experiment.

John C. Oxenford was in Giddings last week on business and reports that Cameron leads that place.

Percy McIver accompanied Misses Estelle McIver and Alice Antonoy last week New Orleans on their way to LaGrange, Ga., to attend school.

The Lockhart Register thus comments on the Hurt decision: Judge Hurt has decided that there is no law against prize fighting in this state. The authorities in Dallas can prevent the fight in October if they so desire. When the next legislature meets it will enact a law against it. It is an outrage for Texas to be the dumping ground of rowdyism. She wants no such advertisement. The man who is a good citizen and cultivates the soil is worth more to the country than all the pugilists the world ever saw.

STOP THAT LEAK!

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enteres upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

LEGISLATORS YIELD TO WALTON IN OKLAHOMA

FORCES ON BOTH SIDES ARE RESOLUTE AS FIGHT NEARS CRICIS.

Oklahoma City, Sept. 23.—Oklahoma City breathed easier today with the peaceful turn taken late Saturday in the Walton-Klan martial law maelstrom by the statement issued from the headquarters of the Legislative Junta in which it was declared that they are willing to let the matter end for the present with a court test of their right to meet without a gubernatorial call.

Walton's enemies are by no means quiescent, however, and realize that the governor's martial law power must eventually cease.

Almost preceptible gloom inshrouded the Skirivin Hotel headquarters of the legislators today. Rrepresentative W. D. McBee of Duncan, who called the Legislature in special session, after his admission yesterday that he belonged to the Ku Klux Klan, but protested that membership had nothing to do with his antipathy for Walton, was silent.

Around the Lee Huckins Hotel, personal friends of the Governor are staying, they are saying that the legislature crowd is whipped and they believe that they have won a temporary if not permanent victory over his opponents.

The flags are still flaunting over the building of the Oklahoma State Fair and the turnstiles at the gates are in constant whirl. Thousands of persons are crowded into the fair grounds, and a perfect Autumn day, aided by the opening of the style show, has brought a fashion parade on the streets of the capital city

Everybody feels better and Governor Walton, who has been under nervous tension for more than a month, showed visibly that he felt the lifting of the nervous strain.

The political foemen of Governor Walton, however, by no means are willing to stack arms. Some of them grant a temporary advantage has been gained by Governor Walton, but they say that in the long run they will win in their long fight against him.

The Governor's threat yesterday to close the fair, the pride of Oklahoma, with its exhibits barns crowded with prize show cattle, and its industrial buildings filled with exhibits was potent in forcing his enemies to be willing to let down a little in their fight in order to save a shutdown of a fair that has already cost its backers $300,000 and they are convinced that Walton would close down the fair, and that he would put all of Oklahoma under absolute martial law, and patrol the highways and other public transportative communications.

The Governor's funds are running low—and the Legislature appropriated more money for him than for any Governor in the history of Oklahoma— and he can not always maintain martial law. It will require weeks and perhaps months for the Supreme Court to decide whether or not the Legislature can meet without the call of the Governor, if the test is made next Wednesday, and then he may have no excuse to reinstate martial law.

His enemies have fought him for six years, and they are going to fight him for six years more. Of that he is conscious, however, and the fact that he is ordering the mobilization of still more troops, and has brought Adj. Gen Markham here from Tulsa to personally direct the military.

Wednesday's procedure is being speculated upon. It is likely that a number of legislators will go to the state house, and some of them may submit to an arrest, if the military will arrest them. Then the controversy will restore to the meticulous grinding of a court.

Water was thrown on Governor Walton's political wheel this morning when a newspaper, published an article by former Senator Cambpell Russell, Walton's most inveterate enemy, who circulated a petition for the meeting of the grand jury the day that Walton instituted martial law, in which he admitted that not only he belonged to the Ku Klux Klan, but many district judges, legislators and other high officials are members.

Governor Walton spent last night in the country with some of his friends and was refreshed this morning.

Unrelenting surveillance is being maintained by his lieutenants. The streets were well patrolled last night and at 12 wholesale arrests of people found on the streets were made. They were taken into police headquarters, examined and if they presented good reasons for being out so late, were immediately permitted to return to their homes

100 R. R. CARS WILL BRING GIANT CIRCUS.

Arriving aboard 100 double-length railroad cars forming trains more than one and one-half miles long, and made even greater than in 1922 by the addition of many big, new foreign acts, Ringling Brothers and Barnum & Bailey Combined will exhibit at Waco Thursday October 11.

Those who read the daily papers or who keep in touch with the movie news-reels need not be reminded of the shipload of acts and animals recently imported by the Greatest Show on Earth. The remarkable cargo included two companies of baby elephants are now joined with the forty adults of the mammoth herd. There were also 100 more performing horses accompanied by Euprope's greatest trainer and many wild animals, some of which have been added to the scores upon scores of trained jungle beasts, while others have become part of the marvelous menagerie.

More than a million persons saw the mammoth new circus of 1923 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard five great trains. It is a third bigger than the Ringling Brothers and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonder circus of 1923—with its more than thirty trained wild animal displays in steel arenas, fully 200 wonderfully schooled horses, 700 men and women performers, 100 clowns, and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all these and to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include entire families of hippopotami and giraffes. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and alone worth $50,000.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W.GROVE'S signature on box. 30c

HUGE FIRCRACKER COST $200 WILL BE SEEN AT EXPOSITION.

Austin, Texas, Sept. 24.—The Texas State Exposition Firecracker, the biggest ever imported into the United States and probably the largest ever used in this country has arrived in Austin and is now waiting the opening of the Exposition in the capital city. This firecracker, which contains more than 100,000 firecrackers of varying sizes, was ordered from Hong Kong, China, by Key Park, restaurant owner of Austin.

The giant firecracker is in reality just a string of smaller firecrackers, strung together with a large twine. It is about 70 chinese feet, which makes it about 100 feet by the scale used in America, as the Chiense foot contains 16 American inches. The small firecrackers are twisted into the twine, with larger firecrackers at intervals.

The firecracker was ordered from a factory in Canton, China, by Mr. Park three months ago, at a cost of approximately $200, including duty. It was made specially for the Texas State Exposition and was shipped some time ago to San Francisco and from there to Austin.

It is the present plan to tie the huge firecracker to one of Austin's tower lights near the fair grounds, and to fire it on the closing night of the exposition. It will require more than an hour for the firecracker to burn out, and as it burns to the top it will finish with an explosion of several large firecrackers spelling out the "Texas State Exposition."

Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

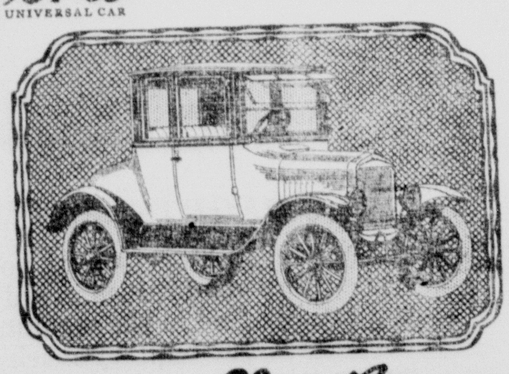
No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Ford
THE UNIVERSAL CAR



New Coupe

An entirely new body design lends distinction in appearance, adds measurably to individual comfort, and provides greater convenience in the new Ford Coupe.

Streamline body, windshield visor, and nickeled fittings make this new Coupe highly attractive. Deeply cushioned seats, improved interior arrangement, and cowl ventilator provide increased comfort.

Wide doors that open forward, revolving type window lifters, enlarged rear compartment and a recess shelf for parcels, back of the seat make for greater convenience.

See the new Ford Coupe and other body types at your Nearest Ford Dealer's showroom.

WACO COTTON PALACE TO HAVE GRAND OPERA

SAN CARLO CO., WILL GIVE SIX PRODUCTIONS AT WACO EXPOSITION.

Waco, Texas, Sept. 22.—All of the first week of the Cotton Palace this year will be devoted to grand opera, six productions to be staged, including one matinee performance. The San Carlo Grand Opera Company, which scored success at the Cotton Palace in 1920, has been booked for the exposition this year. It is directed by Fortune Gallo, well-known impressario.

The dates for grand opera at the Cotton Palace and the productions to be presented are as follows: Monday night, Oct. 22, "La Boheme;" Tuesday afternoon, Oct. 23, "Madame Butterfly;" Tuesday night, Oct. 23, double bill, "Cavalleria Rusticana" and "Pagliacci;" Wednesday night, October 24, "Rigoletto;" Thursday night, Oct. 25, "Ill Trovatore;" Friday night Oct. 26, "Traviata."

Sale of seats for grand opera began Thursday and the number of tickets sold, both for the season and for individual productions, has more than justified expectations of the directors. Interest is by no means confined to Wacoans, orders in great abundance being received from out-of-town patrons.

Present indications lead to the belief that all attendance records for grand opera productions will be broked at this year's cotton Palace this being based on the initial sale of seats for the San Carlo attractions. It was this company that had the largest number of people present at a single performance of grand opera in the United States at the Cotton Palace three years ago, according to the leading theatrical journals of America.

The six operas selected— and they have been chosen by ballot of the people of Texas—will be presented in the Cotton Palace Coliseum, which has a seating capacity of 10,000. The stage in the Coliseum was pronounced by Gallo, when he was in Waco three years ago, the best of its kind he had ever seen, large enough to fully stage and operatic production, regardless of its scenic accessories. Grand opera will be shown at the Cotton Palace this year at prices ranging from $1 to $2.50, the lowest prices charged for similar attractions anywhere in the country, according to the Cotton Palace management.

The San Carlo Grand Opera Co., will come direct to the Cotton Palace from New York, where Gallo opened the current season this week.

GREATEST SHOW ON EARTH HERE SOON.

The world's one big circus—Ringling Brothers and Barnum & Bailey Combined—draws nearer and on its hundred cars will come "ten thousand wonders" to exhibit in Waco, Thursday October 11.

World toured and world sonquering truly Greatest Show on Earth is now fully a third larger than it was when it last visited this locality.

In addition to the many innovations offered then, the present season's program numbers ten more trained wild animal displays—making thirty in all—and the most superb trained horse acts that Europe has yet produced. The wild-animal and equine displays of the past were introduced merely that the Ringling Brothers might judge of their popularity. So enthusiastically were these numbers received that the famous showmen immediately arranged for the purchase of the world's finest acts of this kind. An entire equine circus was bought outright and brought to this country last winter. And while the Ringling Brothers and Barnum & Bailey agents were securing this and the trained tiger, polar bear, lion leopard and jaguar groups, they had odrers to engage the formeost men and women performers of the European capitals. And these stars from city and jungle are all to be seen with this wonder circus of 1923. More than 700 men and women, embracing the world's foremost arenic stars take part. These artists include the very biggest acts ranging from extensive companies of foreign performers to the amazing English family of Nelsons—positively one family consisting of father, mother, six daughters and one son. And this group of world-famous acrobats but illustrates the remarkable scope of the human side of this great circus. There are 100 clowns. Aside form the ferocious beasts, the program includes forty trained elephants. There are five companies of trained seals, many dogs, bears, monkeys, pigs and pigeons. Added for good measure is the mommoth menagerie of more than 1,000 animals. It is the biggest circus program the world has ever seen, given under the largest tent.

FERGUSON SENDS WALTON LETTER.

Temple, Sept. 20.—Former Governor James E. Ferguson has made public a letter to Governor J. C. Walton of Oklahoma, in which he commends the stand taken by the latter against the Ku Klux Klan. "By all means let me urge you to stand firm on your announced determination to prevent a meeting of the legislature," the former governor wrote.

"My Dear Governor:

"Of course you have read that a fellow feeling makes us wonderous kind. I know the principle applies with peculiar force to an ex-governor traveleing the same thorny road that he has traveled.

"I want to commend your stand against the insidious Ku Klux Klan.

"By all means let me urge you to stand firm on your announced determination to prevent a meeting of the legislature. Let me give you the benefit of my own comforters who might bring influence to bear upon you to let the legislature meet I had 20 liars in the Texas legislature to vote for my impeachment after they had promised me their support if I would call the legislature.

"The psychology of the situation will be that not one-half of the rascals in the legislature will have the nerve to stay in Oklahoma City three days when they begin to reflect that they are nothing but a mob and that everyone of them becomes a member of the mob instead of a member of a legislature, when he comes down to Oklahoma City without a call from you as governor.

"In addition to this the lack of a quorum would prevent any action even if they had the authority to meet. The only precedent for the legislature convening itself is the Sulzer case in New York and everybodys knows how that was a political decision.

"I deeply sympathize with you and appreciate the storm that is now sweeping over your head and I am taking the liberty now to extend you encouragement and approval for your fearless action. May God of Heaven give strength to your right hand and uphold you.

"Yours truly,

"JAMES E. FERGUSON.

YOUNG PEOPLE WANTED FOR BUSINESS PISITIONS.

DEMAND FOR HELP—A recent country wide investigation of employment conditions to get information as to the type of help in greatest demand showed the following results:

Out of 2445 advertisements for help 1238 specified a business training and 524 of the remaining 1107 were for positions that office assistants grow into. No other profession can claim one-fifth as great a demand. In fact, this proves that there is a greater demand for business trained men and women than all other trades and professions combined. Are you passing up a Business Training and its wonderful opportunities to become a day laborer, house-maid, department store clerk, telephone operator, factory hand, etc?

There is a business position awaiting you. Are you ready for it? Can you enter a business office knowing that you can handle a bookkeeper's desk, do the work of a stenographer or private secretary, or hold any one of the specialized places open in the modern business office? The big salaries come to man or woman who can Do One Thing Well. Training is necessary. Have you been drilled in the basic principles of business that will enable you to hold higher-salaried and more responsible positions as the opportunities arise? Unless you know these things, the chances of your success are small.

Make up your mind to train, to start your business education NOW. Every day that slips by is a loss to you—it put a good position and a good salary further away from you.

A few months in our institution, the largest business university in America, will give you thte training you need. You can never make a better investment than in a business education. You can get here the most thorough, complete and practical courses to be had, in the least time and at the least cost, and our Employment Department will place you free of charge. Fill in and mail coupon for catalogue with full information as to our courses.

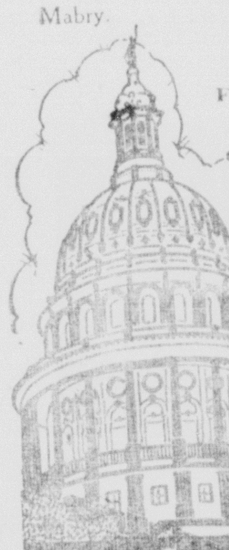
COMING to AUSTIN? CERTAINLY!

A delightful vacation awaits you at the Texas State Exposition, which will be held in Austin, October 1 to 6.

Entertaining, instructive and profitable for all—it has no superior as an ideal family outing.

For all those who wish to come by auto and camp, Austin affords a number of beautiful and convenient camping places. For those who will come by train, the low railroad rates, convenient train schedules and the promise of Austin hospitality should be sufficient inducement.

The fair will unquestionably surprise you. So big has it grown in one year's time that three fair grounds will be used. The Main Exposition will be held in the half-million dollar S. M. A. buildings with 200,000 square feet of floor space. The live stock and amusements will occupy a ten-acre tract just two blocks distant from there, and the horse races will be held at Camp Mabry.



GENERAL ADMISSION 50 CENTS

Free admission tickets for 200,000 school children first and second days.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Court House news

ORDER RE-ASSEMBLING GRAND JURY.

On the 3rd day of Sept. 1923, a grand jury was impaneled in the District Court of Milam County, Texas, with H. L. Atkinson, Foreman, and thereafter on the 8th day of said month, they made their final report and requested that they be discharged for the term. Upon hearing and considering same the request was granted by the court, and the Grand Jury finally discharged. It now appearing to the court that it is necessary to re-assemble said Grand Jury for further services at this, the September term, 1923 of said court;

It is therefore ordered, adjudged and decreed by the court that the order heretofore made, September 8th, 1923, discharging said Grand Jury; be and the same is hereby set aside, and the Sheriff of Milam County is hereby commanded to summons each member of said Grand Jury to be and appear before the Honorable District Court of Milam County, Texas, on Thursday October 4th 1923, at 9 o'clock a. m.

The following is a list of the Grand Jury:

Jas. W. Coleman, Hubert Atkinson, B. F. Stidham, W. S. Lumkin Walter White, Pete Keen, A. W. Willis, Graham Looney, H. E. Fuchs, Oscar Boeker, T. F. Hardy, H. G. Sanders

JOHN WATSON,
Judge, 20th Judicial District of Texas
Attest: Penn Wolf, Clerk,
District Court, Milam County Texas

IN THE DISTRICT COURT.

In the case State of Texas vs. Henry Rhodes, negro, charged by indictment with manufacturing liquor, the jury gave Rhodes one year in the penitentiary. The case was interesting from a legal standpoint, the defense alleging former jeopardy, the negro having been tried the early part of this year on a similar case and with practically the same evidence. It is thought the Attorneys Chambers, Wallace & Gillis will appeal the case.

STEVENS AND BRASHEAR CASES ARE CONTINUED.

The cases State of Texas vs. Wesley Stevens and Jim Brashear were continued until the 29th day of October on motion of the attorneys for the defense, alleging that witness to testify in the case was not present.

HEAVY HEALTY TRANSFERS ARE RECORDED IN COUNTY.

A number of large realty transfers were recorded in the county since our last issue, the total in money running over $70,000.

$5750—M. V. Tyson to Stephen Marek, improved residence property in the city of Cameron.

$3000—Miss Lillie Gregory to W. E. Gaither, business property in the town of Rockdale.

$8000—V. R. Webb et al to H. E. Graham 320 acres in Lynn county.

$4000—H. E. Garner to V. R. Webb land out of the J. B. Fowler survey.

$50,000—R. J. West to R. H. Perry & Co., properties belonging to the former corporation known as the Planters Oil Company of Hearne. The original corporation is now out of business and the properties of the company were purchased by West at trustee sale for $100,000 assuming all indebtedness. West now sells the properties for $50,000 and the company assumes all indebtedness which is given at $275,000. The assets of the company are given as follows: 4282 acres of land, $20,600 in notes and 783 shares of stocks in various corporations. Also seven or eight cotton gins. The acreage owned by the company in Milam county is located near Port Sullivan and consists of two tracts one of 143 acres and the other of 284 acres in the Harris league. Some of the lots mentioned are located in Rockdale and Thorndale.

$8000—Effie Widner to J. G. Davis 150 acres of farm land located near the town of Buckholts.

$1250—W. B. Moore to M. M. Rankin 90 3-4 acres out of the Jose Leal survey.

$4600—E. A. Camp to Luther Perkins 226 acres out of the Stephens grant.

GETS ONE YEAR SETENCE.

In the case State of Texas vs. Frank Mikulick, charged by indictment with the manufacture of liquor, was given one year in the penitentiary by a jury in the District Court Wednesday morning. The defendant was represented by Chambers, Wallace & Gillis and the prosecution was conducted by District Attorney Jack Lewis. It is likely that the case will be appealed.

WE CARRY IN STOCK—

Excello Weed and Timber Killer

KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory vines, Johnson and Bermuda grass and other noxious weeds. The Excello Timber and Weed Killer is unequaled and excells any imitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platain and other pest plants on lawns, caution should be used in applying Excello Timber and Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a portection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing.

One application of this liquid is sufficient for the season. Directions on the container.

LITTELL'S LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.
